

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

RETURN RELATING TO METROPOLITAN CEMETERIES.

RETURN of the ACREAGE of the several CEMETERIES within the METROPOLITAN DISTRICT; of Number of FUNERALS in each before the Year 1852, and since the Year 1852; of the Number of DWELLING HOUSES situate within Two Hundred Yards of each CEMETERY; and, of the Number of PERSONS permitted to be Interred in One GRAVE in each of the CEMETERIES, &c. (in continuation of Parliamentary Paper, No. 477, of Session 1867).

Note.—This Return has been prepared from information supplied by the authorities of the various Metropolitan Cemeteries.

	NAME OF CEMETERY.	Acreage of the Cemetery.	Number of Funerals in the Cemetery.		Number of Dwelling Houses situate within 200 Yards of the Cemetery.	Number of Persons permitted to be Interred in One Grave in the Cemetery.	Observations on the Drainage of the Cemetery.
			Before 1852.	Since 1852.			
Dates in the first column are those borne by the Returns from the several Cemeteries under the names of which they are inserted.	ABNEY PARK (12th April 1880.)	32 acres	7,342	59,797	329; including houses in course of erection.	In family graves, five or six; in vaults, five or ten; in common graves, eight or ten.	Drained into common sewer; no brooks, watercourses, springs, nor wells, in the vicinity.
	BATTERSEA	8 acres	-	19,982 (This is the number to March 1880.)	401; the greater number having been built since the formation of the Cemetery.	At the present time one in each grave, unless it be a grave reserved for a family.	The Burial Board, within the last two years, have been at considerable trouble and expense in laying down drains, to further the drainage and to render it complete. The Cemetery is, and was, drained into the sewers adjoining, which form part of the drainage system of the parish and of the metropolis.
	BROMPTON	The total acreage is 38 acres 25 perches, but owing to buildings, paths, &c., the land available for interments is 31 acres 2 roads 23 perches; of this, at the present time, between five and six acres remain untouched, and throughout a large portion of the remainder there is room for further interment.	5,768	55,525 (This is the number to the 31st March 1880.)	About 1,000	The number of burials in one grave depends upon (1) The original depth of the grave, which varies in different portions of the Cemetery. (2) The Home Secretary's regulations, that no adult may be buried at a less depth than 5 feet, and no child at a less depth than 4 feet, and that a certain interval must elapse between each burial. The average original depth of a common grave is 9 feet; and the average number of bodies permitted to be interred in it is four. The average original depth of a private grave is 10 feet, but they are frequently as deep as 17 feet, or as shallow as 5 feet; at this latter depth each grave would hold only one body; at the former it could hold, probably, seven bodies. In common graves an interval of 10 years must elapse between each burial, except when a grave is re-opened for a member of the same family, when a foot of earth must be left on the coffin last previously buried. Private graves may be re-opened at any time, subject to the same condition as to a foot of earth, if the interval at which they are opened is less than 10 years.	The Cemetery drains into the common sewer.
	CAMBERWELL (17th July 1880.)	About 29 acres	-	44,118 (The Cemetery was opened in September 1856.)	261; erected since the Cemetery was purchased.	Consecrated ground:—Depth of grave, 16 feet. Adults, five; children, six, in each grave. Unconsecrated ground:—Depth of grave, 12 feet. Adults, four; children, six, in each grave, with a foot allowed for each coffin, and 6 feet from surface.	All the drains discharge into the main sewers.

CHARLTON (11th May 1880.)	8 acres	-	-	3,626 (Cemetery opened on 1st August 1855.)	10 or 12 new houses, each rented at about 30l. per annum, since last return.	The rule is to inter only one body in a grave, until the time al- lowed by the regulations of the Secretary of State for re-opening has arrived. This rule has seldom been departed from.	Every part of the soil of the Charlton Burial Ground con- sists of dry gravel, sand, and mould. In digging, no water has ever been found in any grave.
CITY OF LONDON AND TOWER HAMLETS.	Nearly 40 acres	-	3,598 (This informa- tion is obtain- ed from Re- turn No. 560, of the year 1880.)	188,991 (This is the number since 1852 to 1879, inclusive.)		A foot, or thereabouts, of earth between each coffin; and 5 feet from top of uppermost coffin to surface of earth.	Drained, by gravitation, through 18 inch pipes, into low level sewer, 40 feet deep from sur- face of road.
DEPTFORD, ST. PAUL'S (13th April 1880.)	17 acres 1 rood 18 perches.	-	-	33,797 (The first interment in this Cemetery was on the 3rd February 1858.)	Hitherto only one inhabited house; several are now being erected in the immediate vicinity.	Seven	The Cemetery is drained into a deep sewer of a minimum depth of 20 feet, which forms part of the Metropolitan Main Drain- age.
FULHAM	12 acres	-	-	6,851 (This is the number from the opening of the Cemetery on 1st August 1865 to the 15th March 1880.)	Until quite recently only two or three houses, but now some streets of houses are being built within that distance.		Dry sandy soil; no water in the deepest graves; the only drain- age required is for surface water, which is drained into cesspools within the Cemetery.
GREENWICH	15 acres	-	-	19,997 (From the opening of the Cemetery on 4th May 1856 to 31st March 1880.)			The Cemetery is drained into a well 500 feet deep.
HAMMERSMITH (1st June 1880.)	9 acres 3 roods 20 perches.	-	-	8,967 (Since the opening of the Cemetery on 25th November 1869.)	About 160	Various numbers; regulated by depth of grave, and time since last interment.	Natural drainage.
HAMPSTEAD (14th April 1880.)	19 acres	-	-	1,802 (Since the opening of the Cemetery on 10th November 1876.)	Nine small tenements	Average number of adults, six	The Cemetery has been effect- ually drained, and is connected with a sewer forming part of the drainage system of the me- tropolis.
HIGHGATE (6th May 1880.)	38 acres	-	8,431	51,163 (This number is from the 1st January 1852, inclusive.)	About 243, of which about 70 are old houses in Highgate Old Town, which were there at the time of the formation of the Cemetery.	According to the desire of the owner of the grave.	The drainage is connected with the main common sewer con- structed by the Metropolitan Board of Works.
ISLINGTON, ST. MARY'S (FINCHLEY).	77 acres (of which 47 were added in 1878).	-	-	78,210 (This is the number from the opening of the Cemetery in 1854 to 31st May 1880.)	12	The number of adults interred in common graves is from two to ten, according to depth avail- able, due regard being had to the Secretary of State's regulations.	The Cemetery is drained into a ditch or watercourse which runs through it, which water- course drains a considerable portion of the parish of Finch- ley. The principal part of the area of that parish is open agricultural land.

Return of the Acreage of the several Cemeteries within the Metropolitan District; of the Number of Funerals in each before the Year 1852 and since the Year 1852; &c.—*continued.*

N A M E OF CEMETERY.	Acreage of the Cemetery.	Number of Funerals in the Cemetery.		Number of Dwelling Houses situate within 200 Yards of the Cemetery.	Number of Persons permitted to be Interred in One Grave in the Cemetery.	Observations on the Drainage of the Cemetery.
		Before 1852.	Since 1852.			
Dates in the first column are those borne by the Returns from the several Cemeteries under the names of which they are inserted.						
KENSAL GREEN (General).	69 acres 1 rood -	18,171	From 1st January 1852 to 31st August 1856, 25,363. Since the latter date the average number of funerals per annum has been 1,554.	248	About four - - -	Drainage complete.
KENSAL GREEN (St. Mary's). (17th April 1880.)	About 20 acres -	-	39,507 (Cemetery opened on 10th May 1858.)	92	Number varies with depth, six being about the average.	This drainage is by a ditch into sewer, but shortly the main drain of Cemetery will open into a new sewer.
KENSINGTON - (21st June 1880.)	About 11½ acres -	-	23,646 (Cemetery opened 30th November 1855.)	102, and five in course of erection.	This depends upon the depth of the grave, but the usual number is four or five.	The Burial Board have a brick sewer about 14 feet deep from their Cemetery along the Uxbridge road into the river Brent; and brick and pipe drains, from 12 feet to 14 feet deep, all over the Cemetery.
LAMBETH, St. Mary's (Tooting). (18th May 1880.)	41 acres -	-	77,384 (Cemetery opened in 1854.)	33	Four - - -	The Cemetery was thoroughly drained in 1875.
Norwood (South Metropolitan).	40 acres 28 perches	5,355	50,854 (From the 1st January 1852 to the 31st March 1880, inclusive.)	563, all having been erected since the formation of the Cemetery.	A few of the old graves are as much as 25 feet deep, and would hold 15 or more coffins, no coffin being permitted within 4 feet of the surface; but, in practice, the average number of interments in each purchased grave is three, and in each common grave is six; the latter having fully 12 inches of earth between every coffin.	The whole of the drainage is carried directly into the main Metropolitan Sewer in Cemetery Road, and is not connected in any way with open water courses, there being, in fact, no such courses, either in or around the Cemetery.
NUNHEAD - (6th May 1880.)	50 acres -	5,060	43,561 (This is the number from the 1st January 1852, inclusive.)	About 262, nearly all recently built.	According to the wish of the purchaser of the grave.	As stated in the former Return in 1866, the drainage is connected with the main common sewer, constructed by the Metropolitan Board of Works; but since that date various improvements, fresh connections with the main sewer, &c., have been effected.
PADDINGTON (Wilkesden Lane).	24 acres 3 roods 39 perches.	-	63,307 (From the opening of the Cemetery on 1st September 1855 to the 31st March 1880.)	On the northern side of the Cemetery there are 35 houses and a mews, with apartments over stables.	Not more than eight - - -	The drainage runs across adjoining land into a sewer.

ST. PANCRAS	50 acres at present in use. About 40 more acres being prepared as an addition to existing Cemetery.	-	-	-	-	93,096 (From the opening of the Cemetery in July 1854 to the 31st December 1879.)	18, but there is not one within 300 yards of a grave, the distances of the above 18 varying between 300 and 800 yards from any grave.	In common interments the average number of persons buried in a grave is six, each grave being dug of commensurate depth.	Drainage partly into common sewer and partly dispersed on the Board's own land.
WANDSWORTH (6th September 1880.)	11½ acres	-	-	-	-	598 (The first interment took place on 31st October 1878.)	Three very small cottages	Four	It is drained about 16 feet deep into the main sewer.

One only	The Cemetery is so drained as to carry off water from the bottom of the graves, which (for adults) are dug to a uniform depth of six feet. The outfall is into a ditch at the north-west boundary, there being no sewer.
WOOLWICH (26th August 1880.)	12 acres 3 roods	-	-	-	-	21,715 (The first interment took place on 4th January 1856)	One public-house and 19 shanties for brickmakers, built since the formation of Cemetery.	Only one, unless members of the same family.	Surface drainage only; no main sewer anywhere within a mile or two of the Cemetery.

IRISH CHURCH TEMPORALITIES COMMISSION.

RETURN to an Order of the Honourable The House of Commons,
dated 16 July 1880;—for,

RETURN “showing the Financial Position of the IRISH CHURCH COMMISSION
in the event of the RELIEF of DISTRESS BILL becoming Law.”

1.—The Income of the Irish Church Fund is calculated as follows:—

	£.		£.		£.
1880	- - - 574,219	1889	- - - 540,982	1898	- - - 521,694
1881	- - - 569,896	1890	- - - 539,137	1899	- - - 518,363
1882	- - - 566,297	1891	- - - 536,572	1900	- - - 516,590
1883	- - - 562,085	1892	- - - 536,026	1901	- - - 516,421
1884	- - - 555,301	1893	- - - 533,744	1902	- - - 516,233
1885	- - - 551,252	1894	- - - 530,891	1903	- - - 515,970
1886	- - - 550,208	1895	- - - 529,631	1904	- - - 514,368
1887	- - - 547,973	1896	- - - 528,905	1905	- - - 512,898
1888	- - - 543,698	1897	- - - 526,168		

The income diminishes year by year until 1932, when it reaches its lowest and fixed, amount of 293,455 £.

This calculation excludes sums receivable in repayment of principal and interest on loans advanced under the Relief of Distress Acts, 1880.

2.—The Expenses are estimated thus:—

	£.	£.
Debt of 4,900,000 £. due to the Savings Bank Funds, bearing interest at 3½ per cent., and payable in the form of a terminable annuity, with 25 years' currency - - - - -	295,704	
Interest, at 3½ per cent., on a further sum of 2,300,000 £., due also to Savings Bank Funds (see note below) - - - - -	80,500	
Intermediate Education Bonds, interest - - - - -	32,500	
Teachers' Pension Bonds, interest - - - - -	39,000	447,704
Cost of management after the termination of the present Commission, including Non-effective Charge - - - - -	11,000	
Rates and taxes - - - - -	20,000	
Life Annuities - - - - -	20,460	51,460
TOTAL - - - £.		499,164

Note.—The sum of 2,300,000 £. consists of—

	£.
(1) Outstanding balance of supplementary original loan to the Commissioners - - - - -	800,000
(2) Charge created under the First Distress Relief Act of 1880 - - - - -	750,000
(3) Ditto under the Second Act - - - - -	750,000
£.	2,300,000

3.—It will be seen that at the outset the margin between income and expenditure is large. It is intended that the balance, after making allowance for contingencies, should be devoted to paying off the debt of 2,300,000 £., bearing interest at the rate of 3½ per cent.; moreover, all sums receivable, after two years, by way of principal and interest on the loans made under the Relief of Distress Acts (which should amount to something more than 50,000 £. a year), will be devoted to the same object.

While, therefore, the income diminishes, as shown above, the charge will diminish also,—

(1) By the diminution of the debt of 2,300,000 £., as it is paid off, year by year, by means of the surplus; and—

(2) By the diminution of the life annuities and pensions, which are stated now at 20,460 £.

It can therefore be shown,—

CHRISTIAN KNOWLEDGE SOCIETY (SCOTLAND).

RETURN to an Order of the Honourable The House of Commons,
dated 9 July 1880;—*for,*

COPY “ of the MEMORIAL to the Lords of Her Majesty’s Treasury, of the 29th day of May 1880, from a Public Meeting of the Inhabitants of *Edinburgh*, praying that means may be devised for Opening up the Management of the SOCIETY in *Scotland* for Propagating CHRISTIAN KNOWLEDGE, and applying its Funds for the Benefit of the Highlands and Islands and other Destitute Parts of *Scotland*, as provided for in the Letters Patent establishing the SOCIETY.”

Unto the Right Honourable the Lords Commissioners of Her Majesty's
Treasury,

THE MEMORIAL of a Committee appointed on the 21st day of April 1880, by a Public Meeting of the Inhabitants of Edinburgh, called to Protest against the restricting of the Endowments of the Society in Scotland for Propagating Christian Knowledge to the Established Church,

Humbly Sheweth,

THAT the Society in Scotland for Propagating Christian Knowledge had its origin in the benevolent spirit of a few private gentlemen in Edinburgh, whose attention was specially directed in the year 1701 to the deplorable ignorance and spiritual destitution of their countrymen in the Highlands and Islands of Scotland. Having judged that the erection of schools in those remote districts would be the most likely means of improving the condition of the people, they laid proposals before the country for the raising of voluntary contributions for this object; and their proposals were so favourably entertained that in a few years subscriptions to the amount of 1,000 £. were received. About the year 1706 the scheme was brought under the notice of the General Assembly, by whom it was cordially approved. It was next brought under the notice of the Crown; and in 1709 Queen Anne granted Letters Patent erecting the subscribers into a corporation. A second Patent was granted by George the First in 1738.

The origin and the great primary object of the Society are distinctly stated in the following words of the first Patent: "Forasmuch as we, understanding the charitable inclinations of many of our subjects for raising a voluntary contribution towards the further promoting of Christian knowledge and the increase of piety and virtue within Scotland, and especially in the Highlands, Islands, and remote corners thereof, where error, idolatry, superstition, and ignorance do mostly abound by reason of the largeness of parishes and the scarcity of schools; and for propagating the same in Popish and infidel parts of the world." In the same Patent the means by which the Society was to prosecute the great end of its institution are also stated with equal distinctness. It says, "and we grant unto them full power to receive subscriptions, mortifications, donations, legacies, sums of money, lands, goods, and gear; and therewith to erect and maintain schools, to teach to read, especially the Holy Scriptures and other good and pious books; as also to teach writing, arithmetic, and such like degrees of knowledge in the Highlands, Islands, and remote corners of Scotland, and in other parts above mentioned, and to use such means for instructing the people in the Christian Reformed Protestant Religion as may be competent." In the second Patent the Society was authorised, "over and above the purposes of their original Patent, to cause such of the children as they shall think fit to be instructed and bred up to husbandry

205—Sess. 2. A "and

"and housewifery, or in trades and manufactures, or in such like manual occupations as the Society shall think proper."

For the accomplishment of its objects, the Society was constituted on a thoroughly liberal basis. In terms of the Letters Patent, the first list of members was selected from among the subscribers by the Lord President and other Lords of the Court of Session. After then, all new members were chosen by ballot at the quarterly general meetings of the Society. Two qualifications, and only two, were indispensable to eligibility. Any person proposed for election must be a benefactor to the funds of the Society, and must be of the Protestant religion. According to an account of the Society published in 1720, "Care is taken that such as are proposed and chosen be such as there is ground to judge are zealously concerned in this good work, and have given some evidences thereof, and who are zealous for the Protestant religion and loyal to His Majesty King George, and are for the Protestant succession in His Royal Family, *without regard to minor differences.*"

The appointment of teachers who were the only agents whom the Society at first contemplated employing in Scotland, seems to have been guided by the same liberal principles. All that appears to have been required was that the candidates should be certified by some member of the Presbytery within whose bounds they were to labour, to be men of "piety, loyalty, and prudence," qualified to teach the Protestant religion, and "well affected to the existing Government."

Special care was taken in the first Patent that the utmost publicity should be given to all the Society's transactions. One of the provisions of that Patent is in the following terms: "And we ordain and appoint that the books of the said Society be patent and open; that all and every one of the subscribers, their heirs and successors, may have access to see what sums of money are received by the Society from time to time, and how the same have been laid out by virtue of these presents or any authority hereby given, and to understand the management and disposition of the revenues of the said Society, and be satisfied with the same; and in case of misapplication, any of the subscribers or their aforesaid are hereby allowed and empowered to pursue and prosecute those guilty of the same before any judge or judges competent." Nor was this provision a dead letter. On the contrary, until of late years, the Directors, in report after report, called special attention to this feature of the Society's constitution and management; and on the ground of it, they largely based their appeals for the confidence and the support of the Christian public.

In the beginning of last century there were no missionary societies in Scotland. This Society was therefore authorised in its first Patent to propagate Christian knowledge in Popish and infidel parts of the world. Accordingly, a few of the earlier subscriptions it received were specially destined by the donors for missions to America and other foreign countries. Those donations were never amalgamated with the general funds of the Society, but were always kept entirely separate and distinct. Of the revenue derived from them last year, 41 £. was paid to Moore's Indian School in America, and 200 £. toward the support of the Rev. Duff MacDonald, the head of the Established Church Mission of Blantyre in Central Africa. At a somewhat later period the Society received a few similar contributions for special missions in Scotland. The two earliest and most important of these were destined by the donors to the Island of Saint Kilda, and to the district of Strathfillan respectively. But with the exceptions now indicated, the contributions were made by persons who felt a deep interest in the population of the Highlands and Islands generally; and sought to promote their social and religious improvement by means of education. Schools were therefore planted in the most necessitous districts as rapidly as the funds allowed; and small bursaries were given to boys of exceptional ability to enable them to continue at school, and qualify themselves to become teachers. During the earlier years of the Society, all the education was given in English. The masters were prohibited from teaching the reading of Gaelic. But more experience brought about a change of view. The discovery that thousands of children who had learned to read English fluently did not understand a word of what they read; and the further discovery that Roman Catholics were secretly circulating Gaelic books among the people, and were by this means reaching

ingly printed in Gaelic; and it was afterwards made a rule of the Society that where Gaelic was the spoken language of the people, the children should be first taught to read their mother tongue.

The funds of the Society now amount to about 200,000 £., and yield a revenue of about 6,000 £. a year. With the exceptions already mentioned, all this money was given to the Society as a great educational institution whose primary and chief object was to promote religion, literature, and industry, especially in the Highlands and Islands of Scotland. In this character the Society enjoyed the confidence and the generous support of the Christian public for nearly 140 years, and it did a great and good work down to 1843.

In that year, as is well known, nearly the whole of the Protestant population of the Highlands severed their connection with the Church Establishment, and put themselves under the pastoral care of the outgoing ministers who formed the Free Church of Scotland. It was then hoped that the Highlands, notwithstanding this severance, might still continue to enjoy the benefits which the Society was instituted to confer. But by a decision of a majority of the Judges of the Court of Session in 1846, while it was admitted that the foreign agents of the Society might be of any Protestant Church, it was declared for the first time that all the teachers, catechists and missionaries employed by the Society in Scotland must belong to the Established Church as constituted after 1843. That decision was based mainly upon a provision in the first Patent that all the bye-laws of the Society must be "agreeable and nowise contrary to the laws and constitutions of Scotland in Church and State presently in force." In consequence of that decision the Society was at once separated to a great extent from the population for whose benefit it was instituted and endowed by the public. Many of the best teachers were ejected. The children were largely withdrawn from the schools, and some of the mission stations, for which it had received special endowments, as, for example, Saint Kilda, have had no agent from the Society ever since. The people refuse to receive them as agents of the Established Church, and the revenues destined for their support are still accumulating unemployed in the hands of the Society. Indeed in the whole of the Western Isles, with their many thousands of a Gaelic-speaking population, the Society at last May had only four teachers under their first Patent,—two in the parish of Kilninian in Mull, one in Colonsay, and one in Jura; and under their second Patent,—five industrial teachers, one in Jura, another in Kerrera, a third in Mull, and the remaining two in Skye. The Society is thus virtually extinct as regards that great section of the population whom it was specially intended to educate. Yet it is not too much to affirm that there are no subjects of the British Empire more loyal to the Crown than the Protestant population of the Highlands and Islands who refuse to receive the agents of the present Establishment; nor were there in 1843 any more attached to the Constitution of the Church of Scotland, as that was understood by the Scottish people when the Society was incorporated in 1709.

Another result of the decision of 1846 was, that it laid an immediate arrest on the liberality of the Christian public. Before that decision was given the income of the Society consisted largely of annual contributions. As much as 1,000 £. was sometimes received from London alone in a single year, to say nothing of the annual contributions received from Scotland and other parts of the empire. But immediately after that decision the contributions of the Christian public rapidly decreased. For many years, indeed, the Directors have ceased to make any appeal at all to the public for funds, or to make the public acquainted with their proceedings; but, according to a statement quite recently printed by them, it appears that the whole amount of the contributions received by the Society for the year ending 31st October 1879 was only 6 £. 6 s.

In 1872 the Scottish Education Act was passed, and since then the Society's schools have been rapidly superseded. The number of teachers on their establishment in 1872 was 268; since that time they have been reduced by 173, and the number in 1880 is 95, of whom only 37 are males, and some of these are in schools kept up by the Society in opposition to the local School Board, to serve denominational interests. This rapid reduction in the number of the schools has set the funds of the Society free to a large extent from those proper educational purposes for which they were originally contributed, and to which they have been hitherto devoted.

It was intimated by the Secretary of the Society to the Commissioners on
295 — Sess. 2. A 2 Endowed

MEMORIAL FROM THE

Endowed Schools and Hospitals (Appendix to Third Report, Vol. 1, page 140) that the directors contemplate devoting these liberated funds to the support of missions in connection with the Established Church. Of such a change the Commissioners declined to express any approval. To carry it out as is now being done would be to change the character of the Society from a great Protestant educational institution into the mere Missionary Society of a particular Church; and your Memorialists venture respectfully to submit that it would be quite unjustifiable to take funds which were entrusted to the Society for the special purpose of promoting religion, literature, and industry among the general population of the Highlands and Islands, and devote them to the support of ecclesiastical missions from which only a mere fraction of the population would derive any benefit.

Your Memorialists desire to see the Society's funds preserved and made available to the whole population of the Highlands and Islands for such purposes as were originally contemplated. There are some localities where the great ends for which the Society was instituted could be best promoted by the directors supporting schools of their own. In other places small grants from the Society's funds might with advantage be employed in supplementing the exceptional grants at present made by the Education Department under the code in favour of thinly populated districts in the Highlands and Islands. Such schools, supported either wholly or partially by the Society, would be valuable, even if planted only for a few years in some of the remote corners of large parishes where the local boards have not felt themselves called upon to erect schools which would meet all the requirements of the department. But apart from all such exceptional localities, the remaining funds of the Society could be spent to a great extent and with great advantage in connection with the ordinary public schools by encouraging some branches of education which are recognised by the national system, but not necessarily secured under it. This could be done by the encouragement of religious education and of proficiency in special branches tending to the training of teachers, the promoting of industry, and generally in accordance with the spirit of the first and second Patents. Under religious education your Memorialists would expressly include, where Gaelic is the spoken language of the people, the teaching of the children to read Gaelic, that they may be able to read the Holy Scriptures in their mother tongue.

In order, however, to the application of the funds for these or any other purposes intended to benefit the whole of the people, it is first of all indispensable that the restriction imposed upon the Society in the choice of its agents in Scotland, by the decision of 1846, should be removed. According to the evidence given by the directors of the Society before the Commissioners on Endowed Schools and Hospitals (Second Report, page 260), if the Society should make a grant to encourage religious instruction, or any other branch of education in a school where the master is a member of the Established Church, it would be necessary, in consequence of this restriction, at once to withdraw the grant if that teacher died, and his successor should happen to be a Free Church man, like most of the population of the district. Considering the relation of the Protestant population of the Highlands and Islands to the existing Establishment, nothing could be more unreasonable, or more offensive and irritating, than such a restriction. Accordingly, after full inquiry, its removal was unanimously recommended in 1875 by the Endowed Schools Commissioners. They say in their Third Report, page 139, "It seems hardly necessary to support by argument the recommendation which we have to make, that this restriction should be removed, at least so far as regards the schools supported from the rates. And we are of opinion that the directors, as they seem to desire, should be equally free in selecting teachers for industrial schools and for occasional schools."

However natural it might have been on some grounds to expect that the directors would have themselves desired the removal of this restriction, they

decision of 1846 was given, the Directors who were not members of the Established Church resigned their office. The management consequently fell exclusively into the hands of members of that denomination, and these can now so control the election of new members and office bearers as to keep the management permanently in their own hands; and having the management in their own hands, they may still continue to employ no agents but persons connected with the Established Church. It is, therefore, quite as necessary to open up the management as to remove the existing restriction in the appointment of teachers. It may be added, that even were these funds to be partially devoted now, as they at one time were, to Christian Missions, it would be most unreasonable and unjust that they should be managed exclusively by Directors connected with the Established Church. The other Presbyterian Churches of Scotland represent much more nearly the original donors of funds for those missions and the original managers,—donors and managers whose work was long hindered by the lethargy and opposition of the other party which was long dominant in the Church of Scotland, and which finally obtained exclusive possession in 1843. On every ground, therefore, it is necessary to have the management opened up as well as the agency. And were these two reforms effected, your Memorialists have no doubt that this Society would again commend itself to the confidence and the liberality of the Christian public, and that by supporting schools of its own, or aiding others in supporting schools in remote and exceptional localities, and by making grants for religious or industrial or secondary education in schools supported from the rates, it might become a means of incalculable benefit to that interesting population for whose behoof especially the Society was incorporated by the Crown, and endowed by the Christian public.

Your Memorialists therefore humbly request that Her Majesty's Government may be pleased to consider the foresaid circumstances, and thereupon to take such steps, by measures introduced by them into Parliament or otherwise, as may remove the restriction declared in 1846, to affect the agency of this Society, and as may secure that the Board of Direction of the Society shall be no longer under the predominant control of that section of the Presbyterian Church which is presently established in Scotland, but from which most of the Protestant population in the Highlands and Islands separated themselves in 1843.

COLLEGE CHARTER ACT, 1871 (VICTORIA UNIVERSITY).

COPIES of PETITIONS from the YORKSHIRE and the OWENS' COLLEGES,
praying for a CHARTER for the Creation of an UNIVERSITY to be called
the "VICTORIA" UNIVERSITY, together with the DRAFT of the CHARTER
prayed for.

Council Office, }
5 February 1880. }

C. L. P E E L.

PETITION of the OWENS' COLLEGE, MANCHESTER.

To the Queen's Most Excellent Majesty in Council.

The humble Petition of the Owens' College, Manchester,

Sheweth,

1. THAT the Owens' College was duly incorporated by the Owens' Extension College, Manchester, Act, 1870.

2. That in this country there exists a widespread and growing demand for the extension of the benefits of University education, together with a conviction that, in respect of the opportunities for such an education, England, as compared with several other countries, remains deficient.

3. That a strong desire is likewise felt in this part of the country for the speedy establishment of an acknowledged centre of higher education, learning, and research, capable of exercising the influence which an institution, controlling its own courses of study and conferring its own academical honours, cannot fail to exert upon the general education of the surrounding population. It is believed that most beneficial results would accrue not only to those connected with the institution as graduates and past students, but also to the schools and schoolmasters of the district, to its professional men, and to the general tone and intelligence of its commercial and industrial classes. Although the influence already exercised by the Owens' College in this direction has been considerable, yet, until this part of the United Kingdom shall have become the seat of a national University, it will be without high advantages which Scotland, for example, possesses.

4. That the examinations of the University of London test the knowledge of all candidates in the subjects of study prescribed by its authorities, and lead to degrees possessing a national value as certificates of knowledge and acquirements. But that University is not a place of education, nor does it require of candidates for its degrees (except in medicine) that they should have been trained in any college or teaching institution.

5. That the training of young men in this district desirous of a University education has accordingly been for some time largely carried on by the Owens' College, many of whose students have offered themselves for the examinations of the University of London. and obtained its degrees.

7. That in view of the growing demand for University education, and of the attempts already made, or likely to be made, to meet this demand, it will, sooner or later, prove impossible for the University of London to regulate the whole academical education of the country, so far as not provided for by the Universities of Oxford and Cambridge. Nor would it be in the national interest that such a claim should be acknowledged, since a uniform system of university education for all parts of the country would render impossible a healthy freedom of intellectual progress, and exclude that variety in the methods and ranges of study and in the works studied which is indispensable to the advance of knowledge in many of its principal branches.

8. That these purposes would, in the opinion of your Petitioners, be most readily accomplished by the issue of a Charter to a body of persons entitled the "Court of Governors of the University," to consist of the following persons:—

1. The Chancellor of the University (the first Chancellor being the President of the Owens' College).

2. Twelve members chosen by the Lord President of the Privy Council, and named in the Charter. Vacancies to be filled by the Lord President.

3. Three members chosen by the Chancellor.

4. Members appointed by each of the incorporated colleges.

5. The Vice Chancellor of the University. (To be in the first instance the Principal of the Owens' College.)

6. Four members to be appointed by the graduates.

7. And that the Owens' College, Manchester, should be named in the University Charter as a college incorporated in the University, and that power should be given to the court of governors to accept the application of any other college for incorporation with the University: provided always that the court shall be satisfied (i.) that such college has established a reasonably complete curriculum, and possesses a reasonably sufficient teaching staff in the departments of arts and science at least; (ii.) that such college has furnished proofs of its means and appliances for teaching being established on a satisfactory basis; and (iii.) that such college is under the independent control of its own governing body.

9. That on the 20th of July 1877, a Memorial from your Petitioners was presented to the Lords of Your Majesty's Most Honourable Privy Council praying, for reasons therein stated, that their Lordships would be pleased to advise your Majesty to grant a Charter to the Owens' College, Manchester, conferring upon it the rank of a University, to be called the University of Manchester, and having the power to grant its own degrees in the faculties of arts, science, medicine, and law.

10. That in view of the further consideration and discussion which the proposal of the Memorial, presented by the Owens' College in July 1877, has since that time received, it has seemed desirable to your Petitioners to modify the suggestions originally made to their Lordships as to the basis of the constitution of the proposed university.

11. That your Petitioners accordingly prepared a scheme of suggestions on this head, modified in certain important respects from those appended to the Memorial of the Owens' College of July 1877. The suggestions so prepared have been drawn up in concert with the representatives of the Yorkshire College, Leeds, with a view of more effectually providing for two of the objects contemplated in the former Memorial of the Owens' College, viz.: (1) an ample and sufficient control over the proposed University, as a national place of education and learning, by the Government of the country; and (2) the incorporation in the proposed University, on equitable terms and on satisfactory conditions, of other colleges besides the Owens' College.

12. That the capital funds of the Owens' College (including the value of site and buildings) amounted, in July 1877, to above 326,000 *l.*; their total at the present time is about 400,000 *l.*; and an annual sum of more than 1,150 *l.* is now at the disposal of the college, for a fellowship, scholarships, exhibitions, and prizes. The expenditure of the college for the session 1877-78 was 21,792 *l.*

13. That

13. That the teaching staff of the college now consists of 33 professors and lecturers in arts, science, and law, and 16 professors and lecturers in the medical (exclusive of those also engaged in the general science) department. The number of (day) students who have entered in the session now in progress, in the arts, science, and law departments, is 443; in the medical department exclusively, 210. Of these the majority come from Manchester and the neighbourhood, but a considerable number from other parts of Lancashire, Cheshire, and Yorkshire, and some from more distant counties. The age of the great majority of the students, exclusive of the medical school, was, at the beginning of the present session, above 18 years. The medical students are mostly of adult age, and some of them have already graduated. The number of the associates of the college is now 114. In addition to the day students there is a large body of young men, numbering in the present session about 750, who attend evening classes in the college.

14. That your Petitioners are desirous that the locus of the proposed University should be Manchester.

15. That your Petitioners are further desirous that Your Majesty should graciously assent to the name of Your Majesty being associated with the proposed University, and that the same should be called the Victoria University.

16. That your Petitioners, on the 15th of May 1879, presented a second Memorial to Your Majesty's Most Honourable Privy Council, stating to the effect herein stated, and praying their Lordships to be pleased to advise Your Majesty to grant a Charter to a body of persons appointed as is described in such Memorial, constituting a university, to be called the Victoria University, and having the power to grant its own degrees in the faculties of arts, science, medicine, and law.

17. That to such last-mentioned Memorial your Petitioners appended detailed suggestions as to the constitution of the proposed University.

Your Petitioners therefore humbly pray Your Majesty to be pleased to grant a Charter to a body of persons appointed as is described in this Petition, or to such other persons as Your Majesty may be pleased to select, constituting a University, to be called the Victoria University, or with such other name as Your Majesty may be pleased to approve, and having power to grant its own degrees in the faculties of arts, science, medicine, and law, and that Your Majesty will be pleased to make such orders in the premises as to Your Majesty, in your Royal wisdom and justice, may seem meet.

And your Petitioners will ever pray.

PETITION of the YORKSHIRE COLLEGE.

To Her Most Gracious Majesty in Council :

The humble Petition of the Yorkshire College, under their Common Seal,

Sheweth,

WHEREAS several colleges have of late years been founded in the more populous districts of this country, with the view of affording to their inhabitants greater facilities for obtaining an education similar to that given in the Universities.

Your Majesty's humble Petitioners believe that the development of these colleges will be retarded, and their beneficial influence on the surrounding districts checked, unless they are endowed with the power of rewarding their students with a degree, and they think that this privilege might be entrusted to them without any deterioration of the standard which obtains in England for that honour.

They venture, therefore, to petition Your Majesty to establish with this end in view a University, with powers to incorporate colleges, wherever situated, which satisfy certain conditions as to efficiency; and they submit that a constitution based upon the following principles would meet the wants of such colleges, and yet surround the power of granting degrees with proper safeguards :—

First.—That the locus of the proposed University shall be Manchester.

Second.—That the government shall be invested in a court of governors, composed of 12 gentlemen, nominated by the Lord President of Your Majesty's Privy Council, of the chief university officers and their nominees, together with representatives of the graduates, and of each of the incorporated colleges.

Third.—That the Owens' College, Manchester, shall be named in the Charter as an incorporated college, and that power shall be given to incorporate other colleges which can give satisfactory proofs of their efficiency, with the right of appeal to the Lords of Your Majesty's Privy Council, on the part of any college, the application of which for incorporation the University may decline to entertain.

Fourth.—That provision shall be made for determining on equitable principles the number of representatives on the governing body allotted to each college.

Fifth.—That a limited power of taxation over the colleges shall be entrusted to the University.

Sixth.—That provision shall be made for the appointment of examiners not engaged in teaching in the University, to share, equally with the professors and lecturers of the University, the duty of conducting and declaring the results of the examinations.

Your Petitioners believe that a University, based on this constitution, would promote the advance of education, and that, though its action should not be limited to any particular district, it would be likely to prove especially beneficial to the north of England.

It would meet the immediate wants of the Owens' College, and by enabling institutions situated in other towns to share its Privileges as they successively

in the University examinations awarded to external examiners would check any undue depreciation in the standard of attainment for a degree.

It is not improbable that a University so constituted might, in the future, unite the chief educational institutions, in the more populous districts, into a confederation beneficial to them all.

The progress of the Yorkshire College in particular has been sufficiently rapid to induce your Petitioners to hope that they might, at no very distant date, be in a position to apply for incorporation.

Your Petitioners further hope that Your Majesty, if graciously pleased to create a University as above described, will further allow it to be called after yourself, the Victoria University.

Your Petitioners, for the reasons above stated, humbly pray Your Majesty:—

1. To create a new University in which the Owens' College, Manchester, and such other institutions as may now or hereafter be able to fulfil the conditions of incorporation laid down in the Charter, may be incorporated colleges.
2. To grant to each of such incorporated colleges a share in the government of the University, depending only upon its magnitude and efficiency.
3. To be graciously pleased to allow the said University to be called the Victoria University.

Provided that at least one such external examiner shall be appointed by the Council for each subject or group of subjects forming part of the courses of study required for University degrees.

The General Board of Studies shall consist in the first instance of the professors of the college or colleges in the University, with such external examiners as shall be appointed in that behalf.

The General Board of Studies so constituted shall, as soon as may be after the date of this our Charter, present to the Court a report as to the organisation of special or departmental boards of studies in the University, and thenceforth the General Board of Studies shall consist of the examiners of the University for the time being.

All regulations respecting the tenure of the office of examiners by others than the professors of the University, and the subjects, time, and mode of the examinations, and respecting the degrees and distinctions to be conferred by the University, shall be made by the Court after considering a report of the General Board of Studies thereon.

Provided always, that all examinations of members of the University shall be conducted jointly by external examiners, and by examiners being professors or lecturers of the University.

XVII.—*Place for Meetings.*

The meeting of the University Court and Council, and of the Convocation of the University, shall be held in the city of Manchester.

Provided that on the application of any college in the University not having its seat in the city of Manchester, the University Court shall provide by Statute for the holding of any examination of the University in that college as well as in Manchester, in case the college applying supplies accommodation in that behalf to the satisfaction of the Court.

But nothing in this our Charter shall prevent the University from conferring any degree by special grace on any qualified person in his absence.

XVIII.—*Property.*

Notwithstanding anything in this our Charter, the University shall not at any time hold real property in our United Kingdom exceeding the annual value of ten thousand pounds (ascertained at the time of the acquisition thereof) over and above the value of the site, buildings, and hereditaments of the University used and occupied for the immediate purposes thereof.

XIX.—*Fees.*

The University may demand and receive for degrees and other distinctions, and for certificates of proficiency and other certificates, and on examinations conducted by the University, such fees as the University Court from time to time by Statute appoint; and the produce of all such fees shall be applied in or towards discharge of the expenses of the execution of this our Charter.

XX.—*Contributions of Colleges.*

In case the produce of such fees is insufficient to meet those expenses, the University, by the University Court, may require from the several colleges in the University contributions for defraying those expenses; and in fixing the amount thereof the University Court shall consider a report to be made in each case by a committee to be appointed by the Court, consisting of seven members of the Court, of whom three at least shall be of the 12 members appointed by this our Charter, or their successors; which committee in making their report shall have regard to the relative magnitude and resources of the several colleges.

Any college may, within two calendar months after the promulgation of the determination of the Court, appeal against it to the Chancellor of the University.

XXI.—*Fellowships and other Emoluments.*

The University from time to time may found and endow fellowships, scholarships, exhibitions, and other prizes, for which funds may by devise, donation, grant, or otherwise be supplied, and may make regulations respecting the same and the tenure thereof, but not so as in any way to interfere with the regulations respecting the entrance or admission of students to any college in the University.

XXII.—*Benefactions and Surplus Income.*

If at any time any property is granted, devised, or bequeathed to, or otherwise acquired by the University, without the object thereof being definitely specified, or in case there is a surplus income of the University from any source, then such property and income shall be applied for objects benefiting, as far as possible, all the colleges in the University equally.

XXIII.—*Admission of Colleges.*

The University Court, after considering a report to be made in each case by the University Council, may accept the application of any incorporated college to be admitted as a college in the University, on the Court being satisfied (first) that the college applying has established a reasonably complete curriculum, and possesses a reasonably sufficient teaching staff in the departments of arts and sciences at least; (secondly) that the means and appliances of the college for its teaching are established on a sound basis; and (thirdly) that the college is under the independent control of its own governing body.

In case the Court refuse any such application, the college applying may appeal to us in our Council against such refusal.

On the Court accepting any such application, either in the first instance or in compliance with our decision on appeal, the college shall be admitted as a college in the University.

XXIV.—*Authority over Colleges.*

A college in the University shall not in any way be under the jurisdiction or control of the University Court or Council, except as regards the regulations for the duration and nature of the studies to be required of the students of the college as a qualification for University degrees or distinctions.

XXV.—*Exclusion of Colleges.*

The University Court may, from time to time, revise the list of colleges in the University, and if it appears to the Court that any college has ceased to

On such exclusion members of the Court representing or elected by that college shall cease to be such; and the professors and lecturers of that college shall cease to be professors or lecturers of the University, or to be by virtue of their office in that college examiners of the University; but the scholars of the University, then members of that college, shall, if the requisite instruction is given in that college, be allowed by the University to complete in that college the courses of study necessary for the attainment of the degrees of the University.

No member of a college excluded shall, on account of such exclusion, be deprived of any right, privilege, or emolument possessed by him by virtue of any degree, reward, or distinction granted to or conferred on him by the University.

Provided that not less than one year's notice in writing shall be given to a college of the meeting of the Court at which the proposal for its exclusion is to be considered; and no such exclusion shall take effect until the expiration of three calendar months from the date of that meeting; and within those three months that college may appeal to us in our Council against such exclusion.

Provisions as to certain present Masters.

9. The Head Master (if any) who may be in office at the date of this Scheme shall, at or before the time so limited as aforesaid, declare to the Governors, in writing, whether or not he desires to take and hold the office of Head Master of the School under this Scheme, and if he shall declare himself to be desirous he shall be continued in the office without further appointment, subject in all respects to the provisions of this Scheme; but, if he shall fail to make such declaration within the time so limited as aforesaid, or shall declare that he is not so desirous, the Governors may forthwith remove him from the said office.

10. The Rev. Edward Ind Welldon shall continue to be usher of the School, and shall be dismissible by the Governors for such causes only and in such manner only as he would have been dismissible if this Scheme had not been made. He shall have his boarding-house as heretofore. But in lieu of all other emoluments hitherto enjoyed by him as usher he shall be entitled to the same emoluments only until the end of the School term which may be current at the date of this Scheme, or which according to the previously established practice would begin next after such date, or until such further time as may, with the approval of the Charity Commissioners, be fixed by the Governors; and henceforth he shall be entitled under this Scheme to a fixed yearly stipend of 200 £, and to a further or capitation payment at the rate of 30 s. a year for each boy attending the School during each School term. Subject to the rights of the said Rev. Edward Ind Welldon the said office of usher shall be abolished.

Scheme to be brought into operation as soon as practicable.

11. The Governors shall take all requisite measures for bringing the provisions of this Scheme into active operation for the regulation of the School as soon as practicable, and they shall have power to make all suitable and proper arrangements for that purpose.

Saving of interests of scholars.

12. Any Scholarship or Exhibition enjoyed by any boy at the date of this Scheme shall be continued to him. Any boy on the Foundation at the date of this Scheme may, instead of paying the tuition fees for instruction in the subjects hereinafter provided, remain in the School on payment of tuition fees on the same scale for instruction in the same subjects as if this Scheme had not been made. And the interest of any boy who was on the 2nd August 1869 on the Foundation of the School is hereby saved.

THE SCHOOL AND ITS MANAGEMENT.

School site and buildings.

13. As soon as conveniently may be, the Governors shall make arrangements for providing suitable buildings and premises for the purposes of the School, as regulated by this Scheme, either by altering or adding to the present School buildings and premises, or by acquiring or erecting other buildings, or acquiring any land convenient to be held and occupied for the purposes of the School. Such arrangements shall include the establishment of a library, laboratory, gymnasium, and other rooms and buildings, with proper fittings and appliances, for the use of the School, and the Governors may apply for such purposes a sufficient sum to be provided or raised, if needful, out of the capital endowment or property of the Foundation by sale or otherwise. For all the purposes of this clause the Governors shall act subject to the consent and approval of the Charity Commissioners.

Head Master. Appointment.

14. The Head Master of the School shall be a graduate of some University in the United Kingdom duly qualified to give instruction and discharge the duties of Head Master, as prescribed by this Scheme. Every future Head Master shall be appointed by the Governors at a meeting to be called for that purpose, as soon as conveniently may be after the occurrence of a vacancy, or after notice of an intended vacancy. In order to obtain the best candidates, the Governors shall, for a sufficient time before making any appointment, give public notice of the vacancy and invite applicants for the office by advertisements in newspapers, and by such other methods as they may judge best calculated to secure the object.

Dismissal.

15. The Governors may dismiss the Head Master without assigning cause, after six calendar months written notice, given to him in pursuance of a resolution passed at two consecutive meetings held at an interval of at least fourteen days, and convened for the purpose of considering the question, such resolution being affirmed at each meeting by not less than two-thirds of the Governors present.

16. The Governors for what in their opinion is urgent cause may, by resolution passed at a special meeting convened for the purpose of considering the question, and at which not less than two-thirds of the whole number of the Masters, Wardens, and Court of Assistants

of

of the Company who may have attended any meeting of the Governors during the twelve months last preceding such special meeting shall be present, declare that the Head Master ought to be dismissed from his office without the aforesaid notice, and in that case they may appoint another special meeting to be held not less than a week after the former one, and may then by a similar resolution passed in like manner absolutely and finally dismiss him. And if the Governors assembled at the first of such meetings think fit at once to suspend the Head Master from his office until the next meeting, they may do so by resolution passed in like manner. Full notice and opportunity of defence at both meetings shall be given to the Head Master.

17. Every future Head Master, previously to entering into office, shall be required to sign a declaration, to be entered in the minute book of the Governors to the following effect:—

Declaration to be signed by Head Master.

"I, _____, declare that I will always to the best of my ability discharge the duties of Head Master of Sir Andrew Judd's School at Tonbridge during my tenure of office, and that if I am removed by the Governors I will acquiesce in such removal, and will thereupon relinquish all claim to the master-ship and its future emoluments, and deliver up to the Governors, or as they direct, possession of all the property of the School then in my possession or occupation."

18. The Head Master shall dwell in the residence, if any, assigned for him by the Governors. He shall have the occupation and use of such residence and of any other property of the School of which he becomes the occupant as such Head Master, in respect of his official character and duties, and not as tenant, and shall, if removed from his office, deliver up possession of such residence and other property to the Governors, or as they direct. He shall not, except with the permission of the Governors, permit any person not being a member of his family to occupy such residence or any part thereof.

Head Master's official residence.

19. The Head Master shall give his personal attention to the duties of the School, and during his tenure of office he shall not hold any benefice having the cure of souls, or undertake any office or appointment which, in the opinion of the Governors, may interfere with the proper performance of his duties as Head Master.

Head Master not to have other employment.

20. Neither the Head Master nor any Assistant Master shall receive or demand from any boy in the School, or from any person whomsoever on behalf of any such boy, any gratuity, fee, or payment, except such as are prescribed or authorised by this Scheme, or allowed by the express sanction of the Governors under the provisions of this Scheme.

Masters not to receive other than authorised fees.

21. Within the limits fixed by this Scheme, the Governors shall prescribe the general subjects of instruction, the relative prominence and value to be assigned to each group of subjects, the arrangements respecting the School terms, vacations, and holidays, the payments of day scholars, and the number and payments of boarders. They shall take general supervision of the sanitary condition of the School buildings and arrangements. They shall determine what number of Assistant Masters shall be employed. They shall every year assign the amount which they think proper to be contributed out of the income of the Foundation for the purpose of maintaining Assistant Masters, and providing and maintaining a proper School plant or apparatus, and otherwise furthering the current objects and the efficiency of the School.

Jurisdiction of Governors over school arrangements.

22. Before making any regulations under the last foregoing clause, the Governors shall consult the Head Master in such a manner as to give him full opportunity for the expression of his views. The Head Master may also from time to time submit proposals to the Governors for making or altering regulations concerning any matter within the province of the Governors. The Governors shall fully consider any such expression of views or proposals, and shall decide upon them.

Governors to consider views and proposals of the Head Master.

23. Subject to the rules prescribed by or under the authority of this Scheme, the Head Master shall have under his control the choice of books, the method of teaching, the arrangement of classes and School hours, and generally the whole internal organisation, management, and discipline of the Schools, including the power of expelling boys from the School or suspending them from attendance thereat for any adequate cause to be judged of by him; provided that, upon expelling or suspending any boy he shall forthwith report the fact to the Governors. In arranging the School hours in the morning the Head Master shall have regard to the convenience of scholars residing within the distance of 10 miles by the ordinary roads and ways from the old parish Church of the town of Tonbridge. The practice for the scholars to attend Divine Service in the parish Church once on Sundays shall continue as heretofore, subject, nevertheless, to the provisions for exemption herein contained, and except so far as the Governors may, by any regulations to be made by them from time to time, otherwise direct. Subject to the approval of the Governors, the Head Master shall have control over the services in the School Chapel in respect of times and forms of service, and shall from time to time decide by whom such services shall be conducted.

Jurisdiction of Head Master over school arrangement.

24. The Head Master shall have the sole power of appointing and of dismissing all Assistant Masters, and shall determine, subject to the approval of the Governors, in what proportions the sum assigned by the Governors for the maintenance of Assistant Masters, and for the other current objects of the School, shall be divided among the various

Appointment, dismissal, and payment of Assistant Masters.

persons and objects for which it is assigned in the aggregate. And the Governors shall pay the same accordingly, either through the hands of the Head Master or directly as they think best.

Provision for Masters of boarding houses.

25. In case any of the Assistant Masters incurs substantial expense or liability with the sanction of the Governors, or proves to their satisfaction that before the date of this Scheme he has incurred substantial expense or liability for the advantage of the School, in setting up a boarding house, the Governors may cause the fact to be recorded, and in that case such Master shall not be dismissable except with the consent of the Governors.

Income of Head Master.

26. The Head Master shall receive a fixed yearly stipend of 250 £. He shall also be entitled to receive a further or capitation payment calculated on such a scale, uniform or graduated, as may be determined and fixed from time to time by the Governors, at the rate of not less than 3 £. nor more than 6 £. a year for each boy attending the School during each School term. The amount of this further or capitation payment shall be ascertained and paid to the Head Master by the Governors, together with the proper proportion of his fixed stipend, at such convenient intervals or times as the Governors may think fit.

Boarders.

27. The Governors may license the house of any Master for the reception of boarders or provide for their reception in a hostel or hostels conducted under the management of the Governors. The appointment, of any Master to take charge of any such house or hostel, and the revocation of such an appointment shall be made by the Head Master, subject to the approval of the Governors. The Head Master shall, with the approval of the Governors, make regulations for the conduct of such boarders.

Payments for entrance, tuition, and boarding.

28. All boys, including boarders, except as hereinafter provided, shall pay such entrance and tuition fees as the Governors shall fix from time to time, provided that no such entrance fee shall exceed the sum of 5 £., and no such tuition fee shall be fixed at the rate of less than 15 £. or more than 30 £. a year for any scholar other than those of whom the parents, or persons occupying the place of parents, are *bonâ fide* residents within the distance of 10 miles, by the ordinary roads and ways, from the old parish Church of the town of Tonbridge. For scholars of whom the parents or persons occupying the place of parents are *bonâ fide* residents as aforesaid, a reduction of one-third from such tuition fees payable by other scholars shall be made. No difference, save as aforesaid, in respect of entrance or tuition fees shall be made between any scholars on account of place of birth or residence or of their being or not being boarders. The payments to be required from boarders, exclusive of the tuition fees, shall not exceed the annual rate of 55 £. in a hostel, or 70 £. in a Master's house, for any boy, except with the sanction of the Charity Commissioners, given upon an application made to them for the purpose by the Governors. No extra or additional payment of any kind shall be allowed without the express sanction of the Governors and the written consent of the parent, or person occupying the place of parent, of the scholar concerned.

29. All payments for entrance and tuition fees shall be made in advance to the Head Master, or to such other person as the Governors shall from time to time appoint for the purpose, and shall be accounted for by the person receiving them to the Governors, and treated by them as part of the general income of the Foundation.

Ages for the School.

30. No boy shall be admitted into the School under the age of 10 years. No boy shall remain in the School after the age of 19 years, or if he attains that age during a School term then after the end of such term, except with the permission of the Governors, which in special cases may be given upon the recommendation of the Head Master: provided that no boy shall be entitled in virtue of such special permission to compete for any Scholarship or Exhibition for which he would not have been otherwise entitled to compete.

31. The Head Master shall, with the approval of the Governors, make regulations for the withdrawal of boys from the School in cases where, from idleness or incapacity to profit by the studies of the School, they are materially below the standard of position and attainment proper for their age.

To whom School is open.

32. Subject to the provisions established by or under the authority of this Scheme, the School and all its advantages shall be open to all boys of good character and sufficient health who are residing with their parents, guardians, or near relations within degrees to be determined by the Governors, or in some boarding house established under the sanction of the Governors. No boy not so residing or boarding shall be admitted to the School without the approval of the Head Master and sanction of the Governors.

Application for admission.

33. Applications for admission to the School shall be made to the Head Master, or to some other person appointed by the Governors, according to a form to be approved of by them, and delivered to all applicants.

Register of applications.

34. The Head Master or some other person appointed by the Governors shall keep a register of applications for admission, showing the place of residence of the parent, guardian, or person having the custody of the candidate, the date of every application, and of the admission, withdrawal, or rejection of the candidate, and the cause of any rejection, and the age of each candidate for admission: Provided that every person requiring

requiring an application to be registered shall pay such fee as the Governors may fix, not exceeding 5s. for each candidate.

35. Every candidate for admission shall be examined by or under the direction of the Head Master, who shall appoint convenient times for that purpose, and give reasonable notice to the parents or next friends of the boy to be so examined. No boy shall be admitted to the School, except after undergoing such examination and being found fit for admission. Those who are so found fit shall, if there is room for them, be admitted in order according to the dates of their application. Entrance examination.

36. The examination for admission shall be graduated according to the age of the candidate, and shall be regulated in other particulars from time to time by or under the direction of the Governors, but it shall never for any boy fall below the following standard; that is to say,—

Reading;
Writing from dictation;
Sums in the first four simple rules of arithmetic;
Outlines of the Geography of England;
Elements of Latin Grammar.

37. The parent or guardian of, or person liable to maintain or having the actual custody of, any scholar attending the School as a day scholar may claim, by notice in writing addressed to the Head Master, the exemption of such scholar from attending prayer or religious worship, or from any lesson or series of lessons on a religious subject, and such scholar shall be exempted accordingly, and a scholar shall not, by reason of any exemption from attending prayer or religious worship, or from any lesson or series of lessons on a religious subject, be deprived of any advantage or emolument in the School or out of the endowments of the Foundation to which he would otherwise have been entitled. If any teacher in the course of other lessons at which any such scholar is in accordance with the ordinary rules of the school present, teaches systematically and persistently any particular religious doctrine, from the teaching of which any exemption has been claimed, as in this clause before provided, the Governors shall, on complaint made in writing to them by the parent, guardian, or person liable to maintain or having the actual custody of such scholar, hear the complainant, and inquire into the circumstances, and if the complaint is judged to be reasonable, make all proper provisions for remedying the matter complained of. Special exemptions from religious instruction and worship.

38. Subject to the foregoing provision, religious instruction shall be given in the School in accordance with the doctrines of the Church of England. The subjects of secular instruction in the School shall include, in addition to the usual English subjects,— Instruction.

The Greek and Latin Languages and Literatures;
Mathematics;
Natural Science;
The French and German Languages;
together with Political Economy, Drawing, and Vocal Music.

Subject to the above provisions, the course of instruction shall proceed according to the classification and arrangements made by the Head Master.

39. There shall be once in every year an examination of the scholars by two Examiners, of whom one shall be appointed for that purpose by the Warden and Fellows of All Souls' College in the University of Oxford, or, if they decline to appoint, by the Governors, and the other shall be appointed by the Governors. The Examiners shall be paid by the Governors at such rate as may from time to time be fixed by the Charity Commissioners, but shall be otherwise unconnected with the School. The time of examination shall be fixed by the Governors after consulting with the Head Master. The Examiners shall make a report in writing to the Governors on the proficiency of the scholars and on the condition of the School, as regards instruction and discipline, as shown by the result of the examination. The Governors shall communicate the report to the Head Master: Provided, nevertheless, that in any year any scholars who may with the consent of the Governors be examined or about to be examined by or under the authority of the Oxford and Cambridge School Examinations Board may be exempted for that year from any other examination under this clause. Annual examination.

40. The Head Master shall make a report in writing to the Governors annually at such times as they shall direct on the general condition and progress of the School, and on any special occurrence during the year. He may also mention the names of any boys who, in his judgment, are worthy of reward or distinction, having regard both to proficiency and conduct. Head Master's annual report.

41. The Governors shall apply an annual sum, not exceeding 100 £, in providing prizes to be awarded to meritorious scholars for proficiency and good conduct, under such regulations as shall be prescribed by the Governors from time to time. Prizes.

42. By way of Scholarships tenable at the School, the Governors shall grant exemptions, total or partial, from the payment of tuition fees for such periods, and, subject to the provisions of this Scheme, on such conditions as they think fit. Such Scholarships shall be called Foundation Scholarships, and the holders thereof shall be called Foundation Scholars. The Foundation Scholarships shall be awarded in favour of candidates for admission to the School, on the result of the examination for admission, and in favour of

of boys already attending the School, upon the reports of the Examiners made on the result of the annual examination, or in either case on the result of a special examination. Every such Scholarship shall be granted for two years only, but the holder shall be re-eligible, if upon re-examination he shall be found and reported to have maintained a satisfactory standard of acquirement. No such Scholarship shall be granted so as to extend the number to more than 10 per cent. of the number of boys in the school.

Skinners' Scholarships.

43. From and after the expiration of three years from the date of this Scheme, the Governors shall apply a yearly sum of 200 £. in establishing and maintaining Scholarships tenable at the School, by boys who at the date of the award are being and have for not less than two years been educated at the Skinners' Company's Middle School to be established and administered under a Scheme framed by the Charity Commissioners. Such Scholarships shall be called the Skinners' Scholarships, and the holders thereof shall be called Skinners' Scholars. Every such Scholarship shall be tenable for three years, and shall be of such yearly value, being not less than 10 £. nor more than 30 £. a year, as the Governors shall from time to time prescribe.

Judd Scholarships.

44. In addition to the Scholarships mentioned in the last two foregoing clauses, the Governors shall establish and maintain four Scholarships tenable at the School, and to be awarded to boys under 15 years of age who at the date of the award are already attending or about to attend the School, and each entitling the holder to a payment or allowance of 40 £. a year for four years, but liable to be determined by order of the Governors if at the expiration of two years from the date of the award the holder shall fail to pass an examination to be held for the purpose of testing his qualifications by or under the direction of the Head Master, or otherwise as herein provided. One such Scholarship shall be awarded in every year. Such Scholarships shall be called the Judd Scholarships, and the holders thereof shall be called Judd Scholars.

Restriction on cumulation of Scholarships.

45. A Skinners' Scholarship shall not be held together with a Judd Scholarship by the same boy, but a Foundation Scholarship may be held together with a Judd Scholarship, or together with a Skinners' Scholarship, by the same boy.

Qualifications for Scholarships.

46. No Scholarship tenable at the School shall be awarded for which there shall be no candidate who on examination shall be adjudged worthy to take it. And no such Scholarship shall be awarded to any boy already attending the School unless the Head Master shall report that he is deserving of it by reason of his character and general good conduct and attention to his studies.

Exhibitions tenable elsewhere.

47. The Governors shall apply a yearly sum of 1,200 £. in establishing and maintaining Exhibitions tenable at any University, or other place of higher education selected or approved by them, and to be awarded to boys who are being and have for not less than three years been educated at the School. Every such Exhibition shall be tenable for four years. They shall be of such yearly value respectively, being not less than 50 £. and not more than 100 £. a year, as the Governors shall from time to time prescribe. Four of such Exhibitions shall be open to competition in each year. But no Exhibition shall be awarded for which there shall be no candidate who on examination shall be adjudged worthy to take it. In case of equal merit of two or more candidates for any Exhibition a preference shall be given to the candidate, if any, of whom the parents or persons occupying the place of parents are *bonâ fide* residents within the distance of 10 miles, by the ordinary roads and ways, from the old parish Church of the town of Tonbridge.

Conditions as to Scholarships and Exhibitions.

48. Every Scholarship and Exhibition established under this Scheme shall be given as the reward of merit, and shall, except so far as any restriction as aforesaid extends, be freely and openly competed for, regard being had in the examination of candidates to the principal subjects of instruction in the School, and shall be tenable only for the purposes of education. If the holder shall, in the judgment of the Governors, be guilty of serious misconduct or idleness, or fail to maintain a reasonable standard of proficiency, or wilfully cease to pursue his education, the Governors may at once determine the Scholarship or Exhibition, and for this purpose, in the case of an Exhibition held away from the School, may act on the report of the proper authorities of the University or place of education at which the Exhibition is held, or on such other evidence as the Governors think sufficient. For the purposes of this clause the decision of the Governors shall be final in every case.

Scholarship and Exhibition money not disposed of.

49. Any money remaining undisposed of in consequence of the non-award, lapse, or forfeiture of any Scholarship or Exhibition, shall be treated as unapplied surplus of the general income of the Foundation in manner hereinafter prescribed.

APPLICATION OF INCOME.

Repairs and Improvements Fund.

50. As soon as the state of the funds of the Foundation will admit, the Governors shall cause the sum of 3,333 £. 6 s. 8 d. Government Stock to be purchased and transferred into the name of the Official Trustees of Charitable Funds, and shall place the same in their books to a separate account, entitled "Repairs and Improvements Fund." The income of such Fund shall be paid to the Governors, and applied by them in ordinary repairs or improvements of the school buildings and premises, and if not wanted for that purpose shall be accumulated for the like purpose in any future year or years. Until the Repairs and Improvements Fund is provided, the Governors shall treat the sum of 100 £. a year as applicable to the same purposes as the income of the Repairs and Improvements Fund.

51. After

51. After defraying the expenses of management, and making provision for any ordinary repairs or improvements which the income of the Repairs and Improvements Fund, or the yearly sum payable in lieu thereof, may be insufficient to answer, and, subject to the pension to be paid as hereinafter directed to the Rev. James Ind Welldon, the Governors shall employ the income of the Foundation in making the several payments hereinbefore directed or authorised for the purposes of the School, and the Scholarships and Exhibitions in connection therewith, and in making provision for the maintenance of Divine Service, according to the rites of the Church of England, in the Chapel attached or belonging to the School.

Other expenses.

52. The Governors may, if they think fit, and the income at their disposal suffice for the purpose, agree with the Head Master for the formation of a fund in the nature of a Pension or Superannuation Fund, the main principles of such agreement being that the Head Master and the Governors respectively shall contribute annually for a period of 20 years such sums as may be agreed upon; that these contributions shall accumulate at compound interest; that in case the Head Master serves his office for 20 years, he shall on his retirement be entitled to the whole accumulated fund; that in case he retires earlier on account of permanent disability from illness he shall also be entitled to the whole of the same fund; that in all other cases he shall, on his ceasing to be Head Master, be entitled to the amount produced by his own contributions. In the case of the Rev. T. B. Rowe, the present Head Master, such agreement may be made to take effect as if it had been made at the date of his appointment to the office of Head Master. If any question shall arise upon the construction or working of the provisions of this clause, the same shall be referred by the Governors to the Charity Commissioners, whose decision thereon shall be final and conclusive.

Head Master's Superannuation Fund.

53. The residue of the income of the Foundation may be employed in improving the accommodation or convenience of the School buildings or premises, or generally in extending or otherwise promoting the objects and efficiency of the School. Whatever shall not be so employed shall, on passing the yearly accounts, be treated as Unapplied Surplus, and shall be deposited in a bank for the account of the Governors, to the intent that the same, so soon as it shall amount to a suitable sum, shall be invested from time to time in the name of the Official Trustees of Charitable Funds in trust for the Foundation, in augmentation of its general endowment.

Residue.

Unapplied surplus.

GENERAL.

54. The Governors may receive any additional donations or endowments for the general purposes of the Foundation. They may also receive donations or endowments for any special objects connected with the School of the Foundation, which shall not be inconsistent with or calculated to impede the due working of the provisions of this Scheme. Any question arising upon this last point shall be referred to the Charity Commissioners for decision.

Further endowments.

55. Within the limits prescribed by this Scheme, the Governors shall have full power from time to time to make regulations for the conduct of their business and for the management of the Foundation, and such regulations shall be binding on all persons affected thereby.

General power of Governors to make regulations.

56. Any question affecting the regularity or the validity or operation of any proceeding or decision of the Governors under this Scheme shall be determined conclusively by the Charity Commissioners on such application made to them for the purpose as they may think sufficient.

Question of proceedings of Governors.

57. If any doubt or question arises among the Governors as to the proper construction or application of any of the provisions of this Scheme, the Governors shall apply to the Charity Commissioners for their opinion and advice thereon, which opinion and advice when given shall be binding on the Governors and all persons claiming under the Foundation who shall be affected by the question so decided.

Construction of Scheme.

58. From the date of this Scheme all jurisdiction of the Ordinary relating to or arising from the licensing of any Master in the School shall be abolished.

Jurisdiction of Ordinary abolished.

59. From the date of this Scheme all rights and powers reserved to, belonging to, claimed by, or capable of being exercised by, Her Majesty, as Visitor of this Foundation, and vested in Her on the 2nd day of August 1869, shall be exercised only through and by the Charity Commissioners for England and Wales.

Jurisdiction of Crown as Visitor.

60. The Charity Commissioners may from time to time, in the exercise of their ordinary jurisdiction, frame Schemes for the modification or alteration of any portion of this Scheme, provided that such Schemes be not inconsistent with anything contained in the Endowed Schools Acts, 1869, 1873, and 1874.

Charity Commissioners may make new Schemes.

61. From and after the date of this Scheme the Foundation shall for every purpose be administered and governed wholly and exclusively in accordance with the provisions of this Scheme, notwithstanding any former or other Scheme, Act of Parliament, Charter or Letters Patent, statute, or instrument relating to the subject matter of this Scheme. In lieu of the retiring pension or allowance for the Rev. James Ind Welldon, secured to him by an Order of the Charity Commissioners, dated the 30th October 1874, the Governors shall pay to him, out of the income of the Foundation, a pension of 500 l. a year so long as he shall live.

Foundation to be governed exclusively by this Scheme.

Scheme to be printed
and sold.

62. The Governors shall cause this Scheme to be printed, and a copy to be given to every Governor, Master, and Assistant Master upon their respective appointments, and copies shall be sold at a reasonable price to all persons applying for the same.

Date of Scheme.

63. The date of this Scheme shall be the day on which Her Majesty by Order in Council declares Her approbation of this Scheme, or of the said Scheme framed by the Charity Commissioners for the administration of the Skinners' Company's Middle School, whichever day shall last happen.

COPY of SCHEME for the Management of the FOUNDATION known as
the SKINNERS' COMPANY'S CHARITIES, at TONBRIDGE, in the County
of KENT.

SKINNERS' COMPANY'S CHARITIES, AT TONBRIDGE.

In the Matter of the Foundation known as THOMAS HUNT'S CHARITY, originally established by the Will of THOMAS HUNT, Citizen and Skinner of London, dated the 1st July 1557 ; and

In the Matter of the Foundation known as LAWRENCE ATWELL'S CHARITY, originally established by the Will of LAWRENCE ATWELL, Citizen and Skinner of London, dated the 6th November 1588 ; and

In the Matter of the Endowments of the said Foundations respectively ; and

In the Matter of the Master and Wardens of the Guild or Fraternity of the Body of Christ, of the Skinners of London, commonly called the SKINNERS' COMPANY, and of an Educational Endowment made by them ; and

In the Matter of the ENDOWED SCHOOLS ACTS, 1869, 1873, and 1874.

SCHEME for the Administration of the above-mentioned FOUNDATIONS and
ENDOWMENTS.

WHEREAS by an order of the High Court of Chancery, dated the 1st August 1822, and made in the matter of the above-named Thomas Hunt's Charity, it was ordered among other things that a sum of 400 l. per annum should be from time to time retained by the above-named Master and Wardens (hereinafter called the Company) out of the rents of the said Charity until the same should amount to the sum of 4,000 l., and that such sum of 4,000 l. and the intermediate sums until the same should amount to that sum should form a fund to be advanced in loans to freemen of the Company as therein-after mentioned, and that the interest payable on such loans should be taken and retained by the Company to their own use and benefit, and that when the said annual sums of 400 l. should have amounted to the sum of 4,000 l. as aforesaid, so as to enable the Company to make the loans therein mentioned, then the whole residue of the rents and profits of the said Charity, after paying and defraying all costs, charges and expenses, incident to and attending the trusts, should thenceforth be wholly bestowed and given towards the relief of decayed freemen of the Company and their widows, as was therein provided.

And whereas in pursuance of the said order of the 1st August 1822, yearly sums of 400 l. were retained by the Company out of the rents of Thomas Hunt's Charity until the same amounted to the sum of 4,000 l., which said sum has been since reduced to the sum of 3,110 l. in consequence of losses of loans not repaid, and the said sum of 3,110 l. is now standing in the books of the Company to the credit of the said Charity as a fund to be advanced in loans to freemen of the Company and applied in accordance with the said order.

And whereas the Company are desirous that the said sum of 3,110 l. and the interest thereof may be made applicable for the advancement of education in manner hereinafter appearing.

And whereas by an order of the High Court of Chancery, dated the 26th November

should be lent out by the Company in loans to young men of good character without interest in manner therein mentioned, and that members of the Company when they should be proper objects should have the preference.

And whereas the Company are desirous that a sum of 6,890 £., part of the property of Lawrence Atwell's Charity now standing in the books of the Company, to the credit of the said Charity, to be applied in accordance with the said order of the 26th November 1828, may be made applicable for the advancement of education in manner hereinafter appearing.

And whereas the Company with a view to the further advancement of education have transferred out of their corporate funds a sum of Government Stock into the names of trustees upon certain trusts for securing payment immediately after the date of this Scheme of a sum of 10,000 £. sterling to the Official Trustees of Charitable Funds, to be held by them upon trust for the purposes of this Scheme.

And whereas by letters patent of King Edward the Sixth, made in the seventh year of his reign, it was ordained among other things that the Company should be Governors of the possessions, revenues, and goods of the Free Grammar School of Sir Andrew Judd, knight, in the town of Tonbridge, in the county of Kent, and for that purpose should be incorporated under the name of "The Governors of the possessions, revenues, and goods of the Free Grammar School of Sir Andrew Judd, knight."

And whereas by a scheme for the administration of the said Free Grammar School of Sir Andrew Judd, knight, framed by the Charity Commissioners for England and Wales under the above-named Acts, and intended to bear even date herewith, it is provided among other things that the said Free Grammar School shall be administered by the Master, Wardens, and Court of Assistants for the time being of the Company, in accordance with the provisions of the said Scheme.

And whereas it is deemed expedient by the Charity Commissioners and by the Company, that the said Master, Wardens, and Court of Assistants shall henceforth be Governors, as well of the Endowments comprised in this Scheme and of the Foundation hereby constituted, as of the said Free Grammar School.

Now it is hereby declared by the Charity Commissioners, with the consent of the Company, being the Governing body, that it is desirable to apply for the advancement of education the said sum of 3,110 £. now standing in the books of the Company to the credit of Thomas Hunt's Charity as aforesaid, and the said sum of 6,890 £. now standing in the books of the Company to the credit of Lawrence Atwell's Charity as aforesaid.

And the said several sums of 3,110 £. and 6,890 £. and the interest thereon respectively, and the said sum of 10,000 £. to be paid to the Official Trustees of Charitable Funds in trust as aforesaid and the interest thereon, shall henceforth be administered as one Foundation in accordance with the provisions of this Scheme by the said Master, Wardens, and Court of Assistants, hereinafter called the Governors, acting on behalf of the above-named guild or fraternity, under the name of "The Skinners' Company's Middle School," hereinafter called the Foundation.

And the Governors shall pay the same accordingly, either through the hands of the head master or directly, as they think best.

Income of head master.

22. The head master shall receive a fixed yearly stipend of 100*l*. He shall also be entitled to receive a further or capitation payment calculated on such a scale, uniform or graduated, as may be fixed from time to time by the Governors, at the rate of not less than 2*l*. nor more than 5*l*. a year for each boy attending the school. The amount of this further or capitation payment shall be ascertained and paid to the head master by the Governors, together with the proper proportion of his fixed stipend, at such convenient intervals or times as the Governors may think fit.

23. The Governors may provide for the reception of boarders either in the house of any master, or in a hostel or hostels conducted under the management of the Governors, or, if they think fit, in both of those ways. The head master shall, with the approval of the Governors, make regulations for the conduct of such boarders.

Payments for tuition and boarding.

24. All boys, including boarders, except as hereinafter provided, shall pay tuition fees to be fixed from time to time by the Governors at the rate of not less than 8*l*. nor more than 12*l*. a year for any boy. No difference in respect of these fees shall be made between any scholars on account of place of birth or residence or of their being or not being boarders. The payments to be required from boarders, exclusive of the tuition fees, shall not exceed the annual rate of 40*l*. in a hostel, or 45*l*. in a master's house, for any boy. No extra or additional payment of any kind shall be allowed without the sanction of the Governors and the written consent of the parent, or person occupying the place of parent, of the scholar concerned.

25. All payments for tuition fees shall be made in advance to the head master, or to such other person as the Governors shall from time to time determine, and shall be accounted for by the person receiving them to the Governors, and treated by them as part of the general income of the Foundation.

Ages for school.

26. No boy shall be admitted into the school under the age of eight years. No boy shall remain in the school after the age of 17 years, or if he attains that age during a school term then after the end of such term, except with the permission of the Governors, which in special cases may be given upon the recommendation of the head master; provided that no boy shall be entitled in virtue of such special permission to compete for any scholarship or exhibition for which he would not have been otherwise entitled to compete.

27. Subject

27. Subject to the provisions established by or under the authority of this Scheme, the school and all its advantages shall be open to all boys of good character and sufficient health who are residing with their parents, guardians, or near relations within degrees to be determined by the Governors, or in some boarding house conducted under regulations made by the Governors. No boy not so residing shall be admitted to the school without the special permission of the Governors. To whom school is open.

28. Applications for admission to the school shall be made to the head master, or to some other person appointed by the Governors, according to a form to be approved of by them, and delivered to all applicants. Applications for admission.

The head master or some other person appointed by the Governors shall keep a register of applications for admission, showing the date of every application, and of the admission, withdrawal, or rejection of the candidate, and the cause of any rejection, and the age of each candidate. Register of applications.

30. Every candidate for admission shall be examined by or under the direction of the head master, who shall appoint convenient times for that purpose, and give reasonable notice to the parents or next friends of the boy to be so examined. No boy shall be admitted to the school except after undergoing such examination and being found fit for admission. Those who are so found fit shall, if there is room for them, be admitted in order according to the dates of their application. If there is not room for all the candidates, sons of freemen of the Company shall be preferred. Entrance examination.

31. The examination for admission shall be graduated according to the age of the boy, and shall be regulated in other particulars from time to time by or under the direction of the Governors, but it shall never for any boy fall below the following standard, that is to say :—

32. The parent or guardian of, or person liable to maintain or having the actual custody of, any scholar attending the school as a day scholar may claim, by notice in writing addressed to the head master, the exemption of such scholar from attending prayer or religious worship, or from any lesson or series of lessons on a religious subject, and such scholar shall be exempted accordingly, and a scholar shall not, by reason of any exemption from attending prayer or religious worship, or from any lesson or series of lessons on a religious subject, be deprived of any advantage or emolument in the school or out of the endowments of the Foundation to which he would otherwise have been entitled. And if the parent or guardian of, or person liable to maintain or having the actual custody of any scholar, who is about to attend the school, and who but for this clause could only be admitted as a boarder, desires the exemption of such scholar from attending prayer or religious worship, or from any lesson or series of lessons on a religious subject, but the persons in charge of the boarding houses of the school are not willing to allow such exemption, then it shall be the duty of the Governors to make proper provisions for enabling the scholar to attend the school and have such exemption as a day scholar without being deprived of any advantage or emolument to which he would otherwise have been entitled. If any teacher in the course of other lessons at which any scholar exempted under this clause is in accordance with the ordinary rules of the school present, shall teach systematically and persistently any particular religious doctrine, from the teaching of which any exemption has been claimed, as in this clause before provided, the Governors shall, on complaint made in writing to them by the parent, guardian, or person liable to maintain or having the actual custody of such scholar, hear the complainant, and inquire into the circumstances, and if the complaint is judged to be reasonable, make all proper provisions for remedying the matter complained of. Special exemptions from religious instruction and worship.

33. Subject to the foregoing provision, religious instruction in accordance with the principles of the Christian Faith shall be given in the school under such regulations as shall be made from time to time by the Governors. No alteration in any such regulation shall take effect until the expiration of not less than one year after notice of the making of the alteration shall have been given by the Governors, in such manner as they shall think best calculated to bring the matter within the knowledge of persons interested in the school. Instruction shall also be given in the school in the following subjects :— Instruction.

Reading, writing, and arithmetic.

Geography and history.

English grammar, composition, and literature.

Mathematics.

Bookkeeping and mensuration.

Subject to the above provisions, the course of instruction shall proceed according to the classification and arrangements made by the head master.

Annual examination.

34. There shall be once in every year an examination of the scholars by an examiner or examiners appointed for that purpose by the Governors, and paid by them, but otherwise unconnected with the school. The day of examination shall be fixed by the Governors after consulting with the head master. The examiner or examiners shall report to the Governors on the proficiency of the scholars and on the condition of the school, as regards instruction and discipline, as shown by the result of the examination. The Governors shall communicate the report to the head master.

Head master's annual report.

35. The head master shall make a report in writing to the Governors annually at such time as they shall direct on the general condition and progress of the school, and on any special occurrences during the year. He may also mention the names of any boys who, in his judgment, are worthy of reward or distinction, having regard both to proficiency and conduct.

Prizes.

36. The Governors may award prizes of books, or other suitable rewards or marks of distinction, to any boys mentioned as worthy of reward or distinction by the head master or by the examiner.

Scholarships.

37. Scholarships shall be maintained in the school in the form of exemptions, total or partial, from the payment of tuition fees, and shall be granted for such periods and, subject to the provisions of this Scheme, on such conditions as the Governors think fit. Boys to whom such scholarships shall be granted shall be called Foundation Scholars. These scholarships may be awarded in favour of candidates for admission to the school, on the result of the examination for admission, and in favour of boys already attending the school, upon the reports of the examiners made on the result of the annual examination, but no such scholarship shall be granted to any such last-mentioned boy unless the head master shall report that he is deserving of it by reason of his character and good conduct. No scholarship under this clause shall be granted so as to extend the number to more than 10 per cent. of the boys actually attending the school.

Exhibitions.

38. Subject to such reasonable regulations, not inconsistent with the provisions of this Scheme, as the Governors may from time to time prescribe, the Governors shall apply a yearly sum of not less than 100 l. in establishing and maintaining exhibitions, to be called Hunt and Atwell Exhibitions, and to be tenable at any place of higher education approved by the Governors, and to be awarded to boys who are being, and have for not less than two years been educated at the school. Provided that no such exhibition shall be awarded for which there shall be no candidate so qualified as aforesaid, who on examination shall be adjudged worthy to take it. Any money left undisposed of for want of fit candidates for an exhibition, or in consequence of an exhibition being determined before its expiration in the ordinary course, shall be applied in the manner hereinafter directed concerning unapplied surplus of the income of the Foundation.

Conditions as to scholarships and exhibitions.

39. Every scholarship and exhibition established under this Scheme shall be given as the reward of merit, and shall be freely and openly competed for, and shall be tenable only for the purposes of education. If the holder shall, in the judgment of the Governors, be guilty of serious misconduct or idleness, or fail to maintain a reasonable standard of proficiency, or wilfully cease to pursue his education, the Governors may at once determine the scholarship or exhibition, and for this purpose, in the case of an exhibition held away from the school, may act on the report of the proper authorities of the school or place of education at which the exhibition is held, or on such other evidence as the Governors think sufficient. For the purposes of this clause the decision of the Governors shall be final in every case.

Government stock into the name of the Official Trustees of Charitable Funds, and shall place the same in their books to a separate account, entitled "Repairs and Improvements Fund." The income of such fund shall be paid to the Governors, and applied by them in ordinary repairs, or improvements of property used for the purposes of the school, and if not wanted for that purpose shall be accumulated for the like purpose in any future year or years. Until the Repairs and Improvements Fund is provided, the Governors shall treat the sum of 30 l. a year as applicable to the same purposes as the income of the Repairs and Improvements Fund.

Other expenses.

41. The income of the Foundation, after payment of the expenses of management of property and business, and of any ordinary repairs or improvements which the income of the Repairs and Improvements Fund or the yearly sum payable in lieu thereof may be insufficient to answer, and any other necessary or proper outgoings, and providing for the exhibitions to be awarded under this Scheme, shall be applied by the Governors in paying the head master, and in making the several payments hereinbefore directed or authorised for the purposes of the school.

nature of a pension or superannuation fund, the main principles of such agreement being that the head master and the Governors respectively shall contribute annually for a period of 20 years such sums as may be agreed upon; that these contributions shall accumulate at compound interest; that in case the head master serves his office for 20 years he shall on his retirement be entitled to the whole accumulated fund; that in case he retires earlier on account of permanent disability from illness, he shall also be entitled to the whole of the same fund; that in all other cases he shall, on his ceasing to be master, be entitled to the amount produced by his own contributions. If any question shall arise upon the construction or working of this provision, the same shall be referred by the Governors to the Charity Commissioners, whose decision thereon shall be final and conclusive.

43. The residue of the income of the Foundation, if any, may be applied for the purposes of the school in improving the accommodation or convenience of the school buildings or premises, or generally in extending or otherwise promoting the objects and efficiency of the school. Whatever shall not be so applied shall, on passing the yearly accounts, be treated as unapplied surplus, and shall be deposited in a bank for the account of the Governors, to the intent that the same, so soon as it shall amount to a suitable sum, shall be invested in the name of the Official Trustees of Charitable Funds in trust for the Foundation in augmentation of its general endowment.

Residue.

Unapplied surplus.

44. The Governors may receive any additional donations or endowments for the general purposes of the Foundation. They may also receive donations or endowments for any special objects connected with the Foundation, which shall be not inconsistent with or calculated to impede the due working of the provisions of this Scheme. Any question arising upon this last point shall be referred to the Charity Commissioners for decision.

Further endowments.

45. Within the limits prescribed by this Scheme the Governors shall have full power from time to time to make regulations for the conduct of their business, and for the management of the Foundation, and such regulations shall be binding on all persons affected thereby.

General power of Governors to make regulations.

46. Any question affecting the regularity or the validity of any proceeding under this Scheme shall be determined conclusively by the Charity Commissioners upon such application made to them for the purpose as they think sufficient.

47. If any doubt or question arises among the Governors as to the proper construction or application of any of the provisions of this Scheme, the Governors shall apply to the Charity Commissioners for their opinion and advice thereon, which opinion and advice when given shall be binding on the Governors and all persons claiming under the Foundation who shall be affected by the question so decided.

48. From the date of this Scheme all jurisdiction of the Ordinary relating to or arising from the licensing of any master in the school shall be abolished.

Jurisdiction of Ordinary abolished.

49. The Charity Commissioners may from time to time, in the exercise of their ordinary jurisdiction, frame Schemes for the alteration of any portions of this Scheme, provided that such Schemes be not inconsistent with anything contained in the Endowed Schools Acts, 1869, 1873, and 1874.

Charity Commissioners to make new Schemes.

The Governors shall communicate the report to the head master.

53. The head master shall make a report in writing to the Governors annually at such time as they shall direct, on the general condition and progress of the School, and on any special occurrences during the year. He may also mention the names of any boys who, in his judgment, are worthy of reward or distinction, having regard both to proficiency and conduct.

54. The Governors may award prizes of books or other suitable rewards as marks of distinction to any boys mentioned as worthy of reward or distinction by the head master or by the Examiner.

55. The Governors shall apply the sum of not less than 60*l.* yearly in maintaining in the School Scholarships, to be called Foundation Scholarships, each of the yearly value of not less than 6*l.* nor more than 10*l.* These Scholarships shall be competed for by boys who are being and have for at least three years been educated at any of the Public Elementary Schools in any of the said townships and places in the parish of Kirkham other than as aforesaid, and the Governors shall make such arrangements relative to the elections to these Scholarships as seem to them best adapted to secure the double object of attracting good scholars to the School of this Foundation, and advancing education at the said Public Elementary Schools. No Scholarship under this clause shall be granted for which there shall be no candidate so qualified as aforesaid who on examination shall be adjudged worthy to take it.

56. The Governors may apply a yearly sum of not more than 100*l.* in maintaining in the School other Scholarships of such number, tenure, and value as they may think fit. These Scholarships shall be awarded in favour of boys already attending the School upon the report of the Examiner or Examiners made on the result of the annual examination, but no such Scholarship shall be awarded to any boy unless the head master shall report that he is deserving of it by reason of his character and good conduct.

Conditions as to
Scholarships and
Exhibitions.

58. Every Scholarship and Exhibition established under this Scheme as aforesaid shall be given as the reward of merit, and shall, except as herein provided, be freely and openly competed for, and shall be tenable only for the purposes of education. If the holder shall, in the judgment of the Governors, be guilty of serious misconduct or idleness, or fail to maintain a reasonable standard of proficiency, or wilfully cease to pursue his education, the Governors may at once determine the Scholarship or Exhibition, and for this purpose, in the case of an Exhibition held away from the School, may act on the report of the proper authorities of the School or place of education at which the Exhibition is held, or on such other evidence as the Governors think sufficient. For the purposes of this clause the decision of the Governors shall be final in every case.

EDUCATION OF GIRLS.

Education of girls.

59. The yearly sum of 200*l.* shall be applied in providing for the higher education of girls either by means of a School for girls to be established at Kirkham, under a Scheme to be made under the Endowed Schools Act, 1869, and Amending Acts, or by means of Exhibitions tenable at any place of higher education to be awarded and held under regulations not inconsistent with anything contained in those Acts, to be made by the Governors, and to be approved by the Charity Commissioners. The establishment of such School or Exhibitions may be postponed for three years from the date of this Scheme, or for such further period, if any, as may be allowed by the Charity Commissioners.

APPLICATION OF INCOME.

Repairs and Im-
provements Fund.

60. As soon as the state of the funds of the Foundation will admit, the Governors shall transfer the sum of 1000*l.* Government Stock into the name of the Official Trustees of Charitable Funds, and shall place the same in their books to a separate account, entitled "Repairs and Improvements Fund." The income of such Fund shall be paid to the Governors, and applied by them in ordinary repairs or improvements of property used for the purposes of the School, and if not wanted for that purpose shall be accumulated for the like purpose in any future year or years. Until the Repairs and Improvements Fund is provided, the Governors shall treat the sum of 30*l.* a year as applicable to the same purposes as the income of the Repairs and Improvements Fund.

Pensions.

61. The Governors may, if they think fit, and the income at their disposal suffice for the purpose, agree with the head master for the formation of a fund in the nature of a Pension or Superannuation Fund, the main principles of such agreement being that the head master and the Governors respectively shall contribute annually for a period of 20 years such sums as may be fixed on; that these contributions shall accumulate at compound interest; that in case the head master serves his office for 20 years he shall, on his retirement, be entitled to the whole accumulated fund; that in case he retires earlier on account of permanent disability from illness he shall also be entitled to the whole of the same Fund; that in all other cases he shall, on his ceasing to be master, be entitled to the amount produced by his own contributions. If any question shall arise upon the construction or working of this provision, the same shall be referred by the Governors to the Charity Commissioners, whose decision thereon shall be final and conclusive.

Residue.

62. Subject to the payment of the expenses of management of property and business, and of any necessary or proper outgoings, any income of the Foundation not applied under the foregoing provisions, and not needed as a balance to meet current expenses, may be applied in improving the accommodation or convenience of the school buildings or premises, or generally in extending or otherwise promoting the objects and efficiency of the School, and so far as not so applied shall, on passing the yearly accounts, be invested in the name of the Official Trustees of Charitable Funds in trust for the Foundation in augmentation of its general endowment.

GENERAL.

Further endow-
ments.

63. The Governors may receive any additional donations or endowments for the general purposes of the Foundation. They may also receive donations or endowments for any special objects connected with the Foundation which shall not be inconsistent with or calculated to impede the due working of the provisions of this Scheme. Any question arising upon this last point shall be referred to the Charity Commissioners for decision.

General power of
Governors to make
regulations.

64. Within the limits prescribed by this Scheme the Governors shall have full power from time to time to make regulations for the conduct of their business and for the management of the Foundation, and such regulations shall be binding on all persons affected thereby.

66. If any doubt or question arises among the Governors as to the proper construction or application of any of the provisions of this Scheme, the Governors shall apply to the Charity Commissioners for their opinion and advice thereon, which opinion and advice when given shall be binding on the Governors and all persons claiming under the Trust who shall be affected by the question so decided.

67. From the date of this Scheme all jurisdiction of the ordinary relating to or arising from the licensing of any master in the school shall be abolished. Jurisdiction of Ordinary abolished.

68. From the date of this Scheme all rights and powers reserved to, belonging to, claimed by, or capable of being exercised by, any person or body, other than Her Majesty as Visitor of the Foundation, shall be transferred to Her Majesty, and all such rights and powers, and also any like rights or powers vested in Her on the 2nd day of August 1869, shall be exercised only through and by the Charity Commissioners for England and Wales. Jurisdiction of Visitor.

69. The Charity Commissioners may from time to time in the exercise of their ordinary jurisdiction frame Schemes for the alteration of any portions of this Scheme, provided that such Schemes be not inconsistent with anything contained in the Endowed Schools Acts, 1869, and Amending Acts. Charity Commissioners to make new Schemes.

70. From and after the date of this Scheme the Foundation shall for every purpose except as herein provided, be administered and governed wholly and exclusively in accordance with the provisions of this Scheme, notwithstanding any former or other Scheme, Act of Parliament, Charter or Letters Patent, Statute, or instrument relating to the subject-matter of this Scheme.

71. The Governors shall cause this Scheme to be printed, and a copy to be given to every Governor, Master, and Assistant Master upon their respective appointments, and copies may be sold at a reasonable price to all persons applying for the same.

72. The date of this Scheme shall be the day on which Her Majesty by Order in Council declares her approbation of it. Date of Scheme.

COPY of SCHEME for the Management of the FOUNDATION known as the
GRAMMAR SCHOOL, in the Parish of WEAVERHAM, in the County of
CHESTER.

WEAVERHAM GRAMMAR SCHOOL.

In the Matter of the Foundation known as the GRAMMAR SCHOOL, in the Parish of
WEAVERHAM, in the County of CHESTER, with the Endowments thereof, including
those under the several Gifts of WILLIAM BARKER by certain Indentures in the Year
1661, of WILLIAM BARKER by his Will, and of ROBERT WARBURTON, or derived
from such Gifts respectively; and in the Matter of the ENDOWED SCHOOLS ACTS,
1869, 1873, and 1874.

SCHEME for the Administration of the above-mentioned FOUNDATION and
ENDOWMENTS.

1. THE above-mentioned Foundation and Endowments shall henceforth be administered
as one Foundation, in accordance with the provisions of this Scheme, by the Governing
Body hereinafter constituted, under the name of Weaverham Grammar School, hereinafter
called the Foundation. Future administration of Foundation.

2. The Governing Body of the Foundation, hereinafter called the Governors, shall,
when completely formed and full, consist of eight persons, of whom six shall be called
Representative Governors and two shall be called Co-optative Governors. Governing Body.

3. The Representative Governors shall be competent persons duly qualified to discharge
the duties of the office, and shall be appointed by the following electing bodies respectively,
in the following proportions; that is to say,— Representative Governors.

Two by the Justices of the Peace for the county of Chester acting in and for the
Petty Sessional Division of Eddisbury Hundred;

Two by the persons for the time being the Trustees of the Charities for the benefit
of the Vicar of Weaverham and the poor of the town and lordship of Weaverham,
known as the Poor Land Charity; and

Two by the Vestry of the township of Weaverham.

Each such appointment shall be made, as often as there may be occasion, by the body
entitled to appoint, at a meeting thereof which shall be convened, held, and conducted as
nearly as may be in conformity with the ordinary rules or practice of such body, or failing
such rules or practice, then in conformity with regulations to be made or approved by
the Charity Commissioners for England and Wales. Every Representative Governor
shall be appointed to office for the term of five years, reckoned from the date of the
appointment. The first Representative Governors shall be appointed as soon as conveniently
may be after the date of this Scheme. The Chairman or other presiding officer
of each meeting at which the appointment of any Representative Governors or Governor
shall be made, shall forthwith cause the names or name of the persons or person so
appointed to be notified, in the case of the first such appointment, to the Co-optative
Governor whose name then stands first on the list of Co-optative Governors, and in the
case of every subsequent appointment, to the Chairman of the Governors or their clerk,
if any, or other acting officer. Any appointment of a Representative Governor not made
as aforesaid within six calendar months from the date of this Scheme, or of the notice
hereinafter prescribed of the occurrence of a vacancy, as the case may be, shall for that
turn be made by the then existing Governors.

The proper expenses, if any, attending the appointment of every Representative
Governor, unless otherwise provided for, shall, on the particulars thereof being submitted
to and allowed by the Charity Commissioners, be paid by the Governors out of the income
of the Foundation.

SCHEME FOR THE MANAGEMENT OF

**Co-optative
Governors.**

4. The first Co-optative Governors shall be appointed by the Charity Commission as soon as conveniently may be after the date of this Scheme.

The future Co-optative Governors shall be competent persons duly qualified to discharge the duties of the office, and shall be appointed in every case by the general body of Governors at a special meeting, by a resolution to be forthwith notified by them, with all proper information, to the Charity Commissioners, at their office in London; but no such appointment shall be valid until it has been approved by the said Commissioners, and their approval certified under their official seal. The said first, and all future, Co-optative Governors shall be appointed to office for the term of seven years, and as to all future such Governors the term of appointment shall be reckoned from the date of the approval.

Vacancies.

5. Any Governor who shall become bankrupt or incapacitated to act, or express in writing his wish to resign, or omit for the space of two consecutive years to attend any meeting, shall thereupon forthwith vacate the office of Governor; and the Governors shall cause an entry to be made in their minute book of every vacancy occasioned by any of the said causes, or by the death or the expiration of the term of office of any Governor; and as soon as conveniently may be after the occurrence of any vacancy a new Governor shall be appointed by the body entitled as aforesaid to make such appointment. Any Governor may be re-appointed. Notice of the occurrence of every vacancy of the office of Representative Governor shall be given, as soon as conveniently may be, by or under the direction of the Governors to the proper electing body or the clerk, if any, or other acting officer of such body.

**Religious opinions
of Governors.**

6. Religious opinions, or attendance or non-attendance at any particular form of religious worship, shall not in any way affect the qualification of any person for being a Governor under this Scheme.

**Declaration by
Governors on entry
into office.**

7. Every Governor shall, at or before the first meeting which he attends upon his first or any subsequent entry into office, sign a memorandum declaring his acceptance of the office of Governor, and his willingness to act in the trusts of this Scheme. And until he has signed such a memorandum he shall not be entitled to discharge the functions of a Governor.

**Meetings of
Governors.**

8. The Governors shall hold meetings in some convenient place in Weaverham, or elsewhere, as often as may be found necessary or desirable, and at least twice in each year, on and at convenient days and times to be appointed by themselves, and to be notified to each Governor by the clerk, if any, or by some other person acting under the direction of the Governors, at least seven days previously to every meeting.

**Preliminary
meeting.**

9. A preliminary meeting for the arrangement of the conduct of the business shall be held upon the summons of the Co-optative Governor whose name then stands first on the list of Co-optative Governors, upon some day to be fixed by him being within one calendar month after the time at which, under the provisions herein contained, the administration of the Foundation shall pass to the Governors in place of the present Governing Body.

Chairman.

10. The Governors shall, at the said preliminary meeting, and afterwards at their first meeting in each year, elect one of their number to be chairman of their meetings for the current year, and they shall also make regulations for supplying his place in case of his death, resignation, or absence during his term of office. The Chairman shall always be re-eligible.

Quorum and voting.

11. A quorum shall be constituted when three Governors are present at a meeting. All matters and questions, except as herein provided, shall be determined by the majority of the Governors present at a duly constituted meeting; and in case of equality of votes the chairman shall have a second or casting vote. Whenever the decision on any matter or question so determined is carried by the votes of less than a majority of the number of Governors for the time being, any two Governors may, within fifteen days from the day of the decision, require by a notice addressed to the chairman of the meeting that the decision shall be once reconsidered at a special meeting, to be held not later than one calendar month next after such decision.

Special meetings.

12. The chairman or any two Governors may at any time summon a special meeting for any cause that seems to him or them sufficient. All special meetings shall be convened by or under the direction of the person or persons summoning the meeting, by notice in writing delivered or sent by post to each Governor, specifying the object of the meeting. And it shall be the duty of the clerk, if any, to give such notice when required by the chairman or by any Governors having a right to summon such meeting.

15. The Governors shall cause full accounts to be kept of the receipts and expenditure in respect of the Foundation; and such accounts shall be stated for each year, and examined and passed annually by the Governors at the first meeting in the ensuing year, unless some other meeting shall be appointed for the purpose with the approval of the Charity Commissioners. Every such account shall be signed by the Governors present at the meeting at which it shall be passed. Accounts.

The Governors shall cause sufficient abstracts of the accounts to be published annually for general information. Such abstracts shall be in the form given in the schedule hereto, unless some other form is prescribed by the Charity Commissioners, in which case the form so prescribed shall be followed.

16. The Governors may from time to time make such arrangements as they may find most fitting for the custody of all deeds and other documents belonging to the Foundation, for deposit of money, for the drawing of cheques, and also for the appointment of a clerk, or of any necessary agents or other proper officers for their assistance in the conduct of the business of the Foundation, at such reasonable salaries or scale of remuneration as shall be approved by the Charity Commissioners. But no Governor acting as such clerk or officer shall be entitled to any salary or remuneration. Business arrangements.

17. From and after the date of this Scheme all lands and hereditaments, not being copyhold, belonging to the Foundation, and all terms, estates, and interests therein, shall be vested in the Official Trustee of Charity Lands and his successors in trust for the Foundation; and all stock in the public funds and other securities belonging to the Foundation, and not hereby required or directed to be otherwise applied or disposed of, shall be transferred to the Official Trustees of Charitable Funds in trust for the Foundation. Vesting property.

18. All the estates and property of the Foundation not required to be retained or occupied for the purposes thereof, shall be let or otherwise managed by the Governors or by their officers acting under their orders, according to the general law applicable to the management of property by Trustees of Charitable Foundations. Management and letting of estates.

19. Any money arising from the sale of timber or from any mines or minerals on the estates of the Foundation shall be treated as capital and shall be invested in the name of the Official Trustees of Charitable Funds, under the direction of the Charity Commissioners, except in any special cases in which the Governors may be authorised by such Commissioners to deal otherwise with such money or any part thereof. Timber and minerals.

20. So soon as the full number of Governors shall have been completed according to the provisions of this Scheme, or upon the expiration of the first three calendar months after the date of this Scheme, if the full number of Governors shall not then have been completed, the administration of the Foundation shall pass to the said Governors in place of the present Governing Body, and, so far as relates to the subject matter of this Scheme, such Governing Body shall thereupon become *ipso facto* removed and discharged from their office, and shall cause all deeds, minute and account books, and other papers and documents belonging or relating exclusively to the Foundation, and all cash balances and personal effects belonging thereto, and not herein required to be transferred to the Official Trustees of Charitable Funds, to be delivered or transferred unto the said Governors or as they shall direct. In the meantime the Foundation shall continue to be administered and managed so far as may be necessary by the present Governing Body, as nearly as may be in conformity with the provisions of this Scheme. The aforesaid time of three calendar months may be extended, if necessary, by an order of the Charity Commissioners, made upon the application of any one or more of the present Governing Body, or of the Governors, if any. Transfer of administration of Foundation to Governors.

21. After the administration of the Foundation has passed to the Governors as aforesaid, the Governors for the time being, if a quorum is constituted, may act for all the purposes of this Scheme, although the Governing Body as hereinbefore constituted is not full. Governors may act although body not full.

22. So far as may be practicable and convenient, the school may be carried on as heretofore until the end of the school term, if any, current at the date of this Scheme, or until such other time as may, with the approval of the Charity Commissioners, be fixed by the body for the time being having the administration of the Foundation under this Scheme. Temporary school arrangements.

23. The present master, Mr. George Griffies, shall, at or before the time so allowed under the last foregoing clause, declare to the Governors, in writing, whether or not he is willing to take and hold the office of head master of the school under this Scheme, and if he shall declare himself to be so willing he shall retain the office without further appointment, and shall not be liable to dismissal, except for a cause for which he might have been dismissed if this Scheme had not been made, but shall be subject in all other respects to the provisions of this Scheme; but, if he shall fail to make such declaration within the time so allowed as aforesaid, or shall declare that he is not so willing, the Governors may forthwith remove him from the said office; and the question of compensation to be assigned to him on such removal shall be determined by the Charity Commissioners. Provision as to present master.

Provisions as to school to be brought into operation as soon as practicable. Saving of interests of scholars.

24. The Governors shall take all requisite measures for bringing the provisions of this Scheme into active operation for the regulation of the School as soon as practicable, and they shall have power to make all suitable and proper arrangements for that purpose.

25. Any payment, or exemption from payment, scholarship, exhibition, or other benefit to which any boy who was on the 1st day of January 1879 on the Foundation is legally entitled thereunder shall be continued to him.

THE SCHOOL AND ITS MANAGEMENT.

26. The School of the Foundation shall be maintained in or near the parish of Weaverham, in any suitable buildings now belonging to the Foundation, or hereafter to be provided for the purpose by the Governors. It shall be a day school only.

Masters not to be required to be in Holy Orders.

27. No person shall be disqualified for being a master in the school by reason only of his not being, or not intending to be, in Holy Orders.

Head master. Appointment.

28. There shall be a head master of the school. Every future head master shall be appointed by the Governors at some meeting to be called for that purpose, as soon as conveniently may be after the occurrence of a vacancy, or after notice of an intended vacancy. In order to obtain the best candidates, the Governors shall, for a sufficient time before making any appointment, give public notice of the vacancy, and invite applicants for the office by advertisements in newspapers, or by such other methods as they may judge best calculated to secure the object.

Dismissal.

29. The Governors may dismiss the head master without assigning cause, after six calendar months written notice, given to him in pursuance of a resolution passed at two consecutive meetings held at an interval of at least fourteen days, and convened for that purpose, such resolution being affirmed at each meeting by not less than two-thirds of the Governors present.

The Governors for what in their opinion is urgent cause may by resolution passed at a special meeting convened for that purpose, and affirmed by not less than two-thirds of the whole number of Governors for the time being, declare that the head master ought to be dismissed from his office, without the aforesaid notice, and in that case they may appoint another special meeting to be held not less than a week after the former one, and may then by a similar resolution, affirmed by as large a proportion of Governors, absolutely and finally dismiss him. And if the Governors assembled at the first of such meetings think fit at once to suspend the head master from his office until the next meeting, they may do so by resolution affirmed by as large a proportion of Governors. Full notice and opportunity of defence at both meetings shall be given to the head master.

Declaration to be signed by head master.

30. Every future head master, previously to entering into office, shall be required to sign a declaration, to be entered in the minute book of the Governors, to the following effect :—

"I, _____, declare that I will always to the best of my ability discharge the duties of head master of Weaverham Grammar School during my tenure of office, and that if I am removed by the Governors, I will acquiesce in such removal, and will thereupon relinquish all claim to the mastership and its future emoluments, and deliver up to the Governors, or as they direct, possession of all the property of the school then in my possession or occupation."

Head master's official residence.

31. The head master shall dwell in the residence, if any, assigned for him. He shall have the occupation and use of such residence and of any other property of the school of which he becomes the occupant as such head master, in respect of his official character and duties, and not as tenant, and shall, if removed from his office, deliver up possession of such residence and other property to the Governors, or as they direct. He shall not, except with the permission of the Governors, permit any person not being a member of his family to occupy such residence or any part thereof.

Head master not to have other employment.

32. The head master shall give his personal attention to the duties of the school, and during his tenure of office he shall not hold any benefice having the cure of souls, or undertake any office or employment which, in the opinion of the Governors, may interfere with the proper performance of his duties as head master.

Masters not to be Governors.

33. No head master or assistant master of the school shall be a Governor.

Masters not to receive other than authorised fees.

34. No head master or assistant master shall receive or demand from any boy in the school, or from any person whomsoever on behalf of any such boy, any gratuity, fee, or payment, except such as are prescribed or authorised by this Scheme.

Jurisdiction of Governors over school arrangements.

35. Within the limits fixed by this Scheme, the Governors shall prescribe the general subjects of instruction, the relative prominence and value to be assigned to each group of subjects, the arrangements respecting the school terms, vacation, and holidays, and the payments of day scholars. They shall take general supervision of the sanitary condition of the school buildings and arrangements. They shall determine what number of assistant masters shall be employed. They shall every year assign the amount which they think proper to be contributed out of the income of the Foundation for the purpose of maintaining assistant masters and providing and maintaining a proper school plant or apparatus, and otherwise furthering the current objects and the efficiency of the school.

36. Before

36. Before making any regulations under the last foregoing clause, the Governors shall consult the head master in such a manner as to give him full opportunity for the expression of his views. The head master may also from time to time submit proposals to the Governors for making or altering regulations concerning any matter within the province of the Governors. The Governors shall fully consider any such expression of views or proposals, and shall decide upon them. Governors to consider views and proposals of the head master.
37. If any teacher, in the course of other lessons at which any such scholar is in accordance with the ordinary rules of the school present, shall teach systematically and persistently any particular religious doctrine, from the teaching of which any exemption has been claimed, as in this clause before provided, the Governors shall, on complaint made in writing to them by the parent, guardian, or person liable to maintain, or having the actual custody of, such scholar, hear the complainant and inquire into the circumstances, and if the complaint is judged to be reasonable, make all proper provisions for remedying the matter complained of.

Instruction.

47. Subject to the foregoing provisions, religious instruction in accordance with the principles of the Christian faith shall be given in the school, under such regulations as shall be made from time to time by the Governors. No alteration in any such regulations shall take effect until the expiration of not less than one year after notice of the making of the alteration shall have been given by the Governors in such manner as they shall think best calculated to bring the matter within the knowledge of persons interested in the school. The day of examination shall be fixed by the Governors after consulting with the head master. These scholarships shall be competed for in the first place by boys living in the lordship of Weaverham, who have been educated for at least three years at any of the Public Elementary Schools in the school district of Weaverham, and in the next place by any other boys who have been educated for at least three years at any of those schools. The Governors shall make such arrangements relative to the elections to these scholarships as seem to them best adapted to secure the double object of attracting good scholars to the school of this Foundation, and advancing education at the said Public Elementary Schools. No scholarship under this clause shall be granted for which there shall be no candidate so qualified as aforesaid who on examination shall be adjudged worthy to take it.

Exhibitions.

52. Subject to such reasonable regulations, not inconsistent with the provisions of this Scheme, as the Governors may from time to time prescribe, the Governors may, if the income is sufficient, establish Exhibitions tenable at any place of higher education approved by them, and to be awarded to boys who are being and have for not less than three years been educated at the school.

53. Every scholarship and exhibition under this Scheme shall be given as the reward of merit, and shall, except as herein provided, be freely and openly competed for, and shall be tenable only for the purposes of education. If the holder shall, in the judgment of the Governors, be guilty of serious misconduct or idleness, or fail to maintain a reasonable standard of proficiency, or wilfully cease to pursue his education, the Governors may at once determine the scholarship or exhibition, and for this purpose, in the case of an exhibition held away from the school, may act on the report of the proper authorities of the school or place of education at which the exhibition is held, or on such other evidence as the Governors think sufficient. For the purposes of this clause the decision of the Governors shall be final in every case.

The income of such fund shall be paid to the Governors, and applied by them in ordinary repairs or improvements of property used for the purposes of the school, and if not wanted for that purpose shall be accumulated for the like purpose in any future year or years. Until the Repairs and Improvements Fund is provided the Governors shall treat the sum of 10 *l.* a year as applicable to the same purposes as the income of the Repairs and Improvements Fund. Repairs and Improvements Fund.

55. The income of the Foundation, after payment of the expenses of management of property and business, and of any ordinary repairs or improvements which the income of the Repairs and Improvements Fund or the yearly sum payable in lieu thereof may be insufficient to answer, and any other necessary or proper outgoings, shall be applied by the Governors in paying the head master, and in making the several payments hereinbefore directed or authorised. 56. The Governors may, if they think fit, and the income at their disposal suffice for the purpose, agree with the head master for the formation of a fund in the nature of a pension or superannuation fund, the main principles of such agreement being that the head master and the Governors respectively shall contribute annually for a period of 20 years such sums as may be fixed on; that these contributions shall accumulate at compound interest; that in case the head master serves his office for 20 years he shall on his retirement be entitled to the whole accumulated fund; that in case he retires earlier on account of permanent disability from illness he shall also be entitled to the whole of the same fund; that in all other cases he shall, on his ceasing to be master, be entitled to the amount produced by his own contributions. If any question shall arise upon the construction or working of this provision, the same shall be referred by the Governors to the Charity Commissioners, whose decision thereon shall be final and conclusive. Pensions.

57. The residue of income of the Foundation, if any, may be applied in improving the accommodation or convenience of the school buildings or premises, or generally in extending or otherwise promoting the objects and efficiency of the school. Whatever shall not be so applied shall, on passing the yearly accounts, be treated as unapplied surplus, and shall be deposited in a bank for the account of the Governors, to the intent that the same, so soon as it shall amount to a suitable sum, shall be invested in the name of the Official Trustees of Charitable Funds in trust for the Foundation in augmentation of its general endowment. Residue.
Unapplied surplus.

GENERAL.

58. The Governors may receive any additional donations or endowments for the general purposes of the Foundation. They may also receive donations or endowments for any special objects connected with the Foundation, which shall not be inconsistent with or calculated to impede the due working of the provisions of this Scheme. Any question arising upon this last point shall be referred to the Charity Commissioners for decision. Further endowments.

59. Within the limits prescribed by this Scheme the Governors shall have full power from time to time to make regulations for the conduct of their business and for the management of the Foundation, and such regulations shall be binding on all persons affected thereby. 60. Any question affecting the regularity or the validity of any proceeding under this Scheme shall be determined conclusively by the Charity Commissioners upon such application made to them for the purpose as they think sufficient. Question of proceedings under Scheme.

61. If any doubt or question arises among the Governors as to the proper construction or application of any of the provisions of this Scheme, the Governors shall apply to the Charity Commissioners for their opinion and advice thereon, which opinion and advice, when given, shall be binding on the Governors and all persons claiming under the Foundation who shall be affected by the question so decided. Construction of Scheme.

62. From the date of this Scheme all jurisdiction of the Ordinary relating to or arising from the licensing of any master in the school shall be abolished. Jurisdiction of Ordinary abolished.

63. The Charity Commissioners may from time to time, in the exercise of their ordinary jurisdiction, frame Schemes for the alteration of any portion of this Scheme, provided that such Schemes be not inconsistent with anything contained in the Endowed Schools Acts, 1869, 1873, and 1874. Charity Commissioners may make new Schemes.

64. From and after the date of this Scheme, the Foundation shall for every purpose, be administered and governed wholly and exclusively in accordance with the provisions of this Scheme, notwithstanding any former or other Scheme, Act of Parliament, Charter, or Letters Patent, statute, or instrument relating to the subject-matter of this Scheme. Foundation to be governed exclusively by this Scheme.

65. The Governors shall cause this Scheme to be printed, and a copy to be given to every Governor, master, and assistant master upon their respective appointments, and copies may be sold at a reasonable price to all persons applying for the same. Scheme to be printed and sold.

66. The date of this Scheme shall be the day on which Her Majesty by Order in Council declares Her approbation of it. Date of Scheme.

Note.—In Leeds Cases, the amounts paid by parents were, as stated in the Industrial School Return, embezzled by the chief clerk of the police office, who has been imprisoned for 12 months.

This Return refers only to England and Wales. In Scotland, the difficulty in enforcing parental contributions renders the system almost inoperative, and the results are very small.

INDUSTRIAL AND REFORMATORY SCHOOLS.

RETURN of PARENTS ordered by MAGISTRATES to contribute towards the Maintenance of their CHILDREN detained in INDUSTRIAL and REFORMATORY SCHOOLS, from 1 January to 30 June 1880, specifying the SUMS ordered and the AMOUNTS actually recovered in each CASE.

— No. 1. —

The Local Government Board to the Clerk to the Dudley School Board.

Local Government Board, Whitehall, S.W.,
18 June 1879.

Sir,

I AM directed by the Local Government Board to inform you that they have received a report from Mr. Knott, district auditor, in which he states that at his audit of the accounts of the School Board for the District of Dudley for the half-year ended at Lady-day 1878, he surcharged six members of the School Board with the sum of 109 *l.* 11 *s.* 2 *d.*, and certified the same to be due from them.

The Board direct me to call your attention to Section 60 of the Elementary Education Act, 1870. You will observe that Sub-section 6 empowers the auditor to allow and disallow items in the accounts of the School Board and to charge the School Board, or any member or officer thereof, with any sum for which he or they may be accountable; and that Sub-section 8 enacts that any moneys certified by the auditor to be due from any person may be recovered from such person, in like manner as in the case of an audit of the accounts relating to the relief of the poor in any union or parish.

I am directed to request that you will inform the Board whether the above-mentioned sum has been paid to the treasurer of the School Board, as required by the Statute referred to, taken in connection with the 7 & 8 Vict. c. 101, s. 32.

The Board think it right to add, however, that any person aggrieved by the decision of the auditor has, under Sub-section 6 of Section 60 of the Education Act, the like rights and remedies as in the case of an audit of the accounts relating to the relief of the poor in any union or parish. In that case, any person aggrieved may appeal against the auditor's decision, either to the Queen's Bench Division of the High Court of Justice, under the 35th section of the Statute 7 & 8 Vict. c. 101, or to the Local Government Board, under the 36th section of the same Statute, taken in connection with Section 4 of the 11 & 12 Vict. c. 91. In the event of the latter course being adopted, it will be necessary to forward with the appeal a copy of the auditor's reasons for his decision, as entered by him in the book of account, and also a copy of the auditor's certificate. If the auditor has not already so entered his reasons, he may now be applied to, under the 7 & 8 Vict. c. 101, s. 35, to do so; and for this purpose the book of account should be submitted to him without delay.

The appeal (which if made to this Board, should be by letter on foolscap paper) should be signed by all the persons aggrieved by the auditor's certificate, and should contain a full statement of the facts which the appellants may desire to lay before the Board, together with the reasons which they may have to bring forward in support of their appeal.

I am, &c.

I AM directed by the Local Government Board to inform you that they have received a report from Mr. Knott, district auditor, in which he states that at his audit of the accounts of the School Board for the District of Dudley for the half-year ended at Michaelmas 1877, he surcharged six members of the School Board with the sum of 37*l.* 11*s.* 6*d.*, and certified the same to be due from them.

Dr. *Cosens* and certain other Members of the Dudley School Board to the
Local Government Board.

Gentlemen,

Dudley, 25 June 1879.

WE, the undersigned, William Reyner Cosens, D.D.; James John Slade, M.A.;

Tanfield, one of the elected members of the Board was the appellant, such costs having been ordered by the Court of Queen's Bench to be paid by the Dudley School Board; feeling ourselves aggrieved by such disallowance or surcharge made by the auditor, we beg respectfully to appeal to the Local Government Board for a remission of the sums disallowed, for the following reasons. At the triennial election of the School Board, held on the 8th day of January 1877, Mr. Doylah Tanfield was declared by the mayor, as returning officer, to be duly elected a member of the Dudley School Board, the first meeting of the new Board being held on the 22nd day of January 1877, at which meeting Mr. Tanfield's vote was accepted under protest. At the next meeting of the Board held on the 29th day of January (Mr. Tanfield being present) a resolution was passed that the vote of Mr. Tanfield be not received, he having been convicted under the 34th section of the Elementary Education Act, 1870, at a Petty Sessions, held at Dudley in the month of May 1874, for unlawfully sharing in the profits of certain work of the School Board, to wit, printing, which conviction was subsequently confirmed on his appeal to the Court of Queen's Bench. Mr. Tanfield continued, therefore, unseated as a member of the Board for nearly three years.

The Board believing that such conviction carried with it a term of six years' disqualification as a member, and fearing that some objection would be raised and the Board become involved in difficulty, if Mr. Tanfield were allowed to vote, and as the Education Act was comparatively new, and no legal decision on this point having been previously given, the Board considered it important that they should be advised at the earliest moment respecting the validity of their proceedings, caused a letter to be written by their clerk to the Education Department, on the 31st day of January 1877, and a reply was received from that Department to the effect that the question did not come within their province to determine, and that they had no jurisdiction in the matter, since which time Mr. Tanfield has continued to act as a member of the Board, and to vote at its meetings. But, during the interval, and without waiting for the reply from the Education Department, Mr. Tanfield, through his solicitor, applied for and obtained a rule nisi calling upon the Board to show cause why a writ of mandamus should not issue commanding the Board to permit the said Doylah Tanfield to exercise the office of a member of the Board, and to vote thereat. We beg to refer to the fact that Mr. Tanfield was allowed to vote as any other member, excepting at one meeting, when his vote was received under protest, he having both proposed and seconded resolutions which were adopted by the Board, there was, therefore, no reason for such hasty proceedings having been resorted to by Mr. Tanfield in applying to the Court of Queen's Bench; at all events, we consider that he should have waited until a communication had been received from the Education Department in reply to the Board's letter, which would have settled the question so far as the Board were concerned, the Board having no feeling beyond a desire to discharge legally a public duty. As, however, Mr. Tanfield acted so very precipitately in the matter, the Board were forced by his action into unnecessary law proceedings, being advised by their solicitors that the Board had a perfect legal right to defend themselves; in fact, that they would have to be represented by counsel in the Court of Queen's Bench; the defence, however, being withdrawn at the earliest possible moment, whereby the least amount of expense was incurred under the unfortunate circumstances.

We beg to enclose copy of the auditor's certificate, and reasons for making such disallowance, which we earnestly trust the Local Government Board will remit in due course.

CORRESPONDENCE RELATING TO THE

Enclosure in No. 3.

AUDITOR'S CERTIFICATE.

I DO hereby certify that in the accounts of the Dudley School Board for the half-year which ended the 29th day of September 1877, I have disallowed the sum of thirty-seven pounds eleven shillings and sixpence, as a payment illegally made out of the funds of such Board, and I find that the Rev. W. R. Cosens, D.D., and the Rev. J. J. Slade, Messrs. Job Garratt, Thomas Reynolds, E. T. Terry, and George Jones, members of the said Board, authorised the making of such illegal payment, and I do hereby surcharge the said Rev. W. R. Cosens, D.D., and the Rev. J. J. Slade, Messrs. Job Garratt, Thomas Reynolds, E. T. Terry, and George Jones with the same.

As witness my hand this 20th day of May 1879,

Wm. Knott,
Auditor of the Oxfordshire and Warwickshire
Audit District, which comprises
the District of the said School Board.

AUDITOR'S REASONS.

I DISALLOWED and surcharged the before-mentioned sum of 37 *l.* 11 *s.* 6 *d.*, being a payment made to Mr. Joseph Stokes as the amount of his taxed bill of costs as solicitor for Mr. D. Tanfield, a member of the said School Board, in taking proceedings in the Court of Queen's Bench to obtain a mandamus to compel the said School Board to receive his, Mr. D. Tanfield's, vote, the same having been previously refused at a meeting held by them. Against which item or charge of 37 *l.* 11 *s.* 6 *d.*, Messrs. Thomas Billing, Doylah Tanfield, Samuel Sheward, Charles Partridge, and William Millington, rate-payers, attended the audit and objected,—

Because the said School Board acted illegally and beyond the scope of their powers when they sat in judgment upon the right of any member of the Board to sit and vote on any question before the Board.

Because the said payment was made for law costs incurred in consequence of the said School Board having acted illegally and beyond the scope of their power as aforesaid.

Because the said payment was not made for law costs incurred by the said School Board in or in consequence of the execution of the powers granted to them by the Education Acts, or any of them, and that, therefore, the said School Board have no authority in law for applying any money in their hands for the purpose of indemnifying themselves against such law costs.

I surcharged the said Rev. W. R. Cosens, D.D., and the Rev. J. J. Slade, Messrs. Job Garratt, Thomas Reynolds, E. T. Terry, and George Jones: Because they were present at the meeting of the said Board held on the 11th day of June 1877, and voted thereat in favour of the said sum of 37 *l.* 11 *s.* 6 *d.* being paid to the said Mr. Joseph Stokes.

And, as a further reason for surcharging the said sum of 37 *l.* 11 *s.* 6 *d.* upon the said Rev. W. R. Cosens, D.D., and Mr. E. T. Terry, I state that I surcharged them with the said sum,—

Because they signed the cheque or order drawn upon the treasurer of the said Board for payment of the said sum.

Dated 20 May 1879.

Wm. Knott, Auditor.

AUDITOR'S CERTIFICATE.

I DO hereby certify that in this account of the Dudley School Board for the half-year which ended the 25th day of March 1878, I have disallowed the sum of one hundred and nine pounds eleven shillings and two pence, as a payment illegally made out of the funds of such Board, and I find that the Rev. W. R. Cosens, D.D., and the Rev. J. J. Slade, Messrs. Job Garratt, Thomas Reynolds, E. T. Terry, and George Jones, members of the said Board, authorised the making of such illegal payment, and I do hereby surcharge the said Rev. W. R. Cosens, D.D., and the Rev. J. J. Slade, Messrs. Job Garratt, Thomas Reynolds, E. T. Terry, and George Jones with the same.

As witness my hand this 20th of May 1879,

Wm. Knott

AUDITOR'S REASONS.

I DISALLOWED and surcharged the before-mentioned sum of 109*l.* 11*s.* 2*d.*, being a payment made to Messrs. Coldecott & Canning as the amount of their taxed bill of costs as solicitors of the said School Board, in the case of a rule nisi dated the 5th day of February 1877, having been served upon them to show cause why a mandamus should not issue thereon at the instance of Mr. D. Tanfield, a member of the said Board, to compel the latter to receive his vote which at a meeting previously held by them they refused to accept. Against which item or charge of 109*l.* 11*s.* 2*d.*, Messrs. Thomas Billing, Doylah Tanfield, Samuel Sheward, Charles Partridge, and William Millington, ratepayers, attended the audit and objected,—

Because the said School Board acted illegally and beyond the scope of their powers when they sat in judgment upon the right of any member of the Board to sit and vote on any question before the Board.

Because the said payment was made for law costs incurred in consequence of the said School Board having acted illegally and beyond the scope of their power as aforesaid.

Because the said payment was not made for law costs incurred by the said School Board in or in consequence of the execution of the powers granted to them by the Education Acts, or any of them, and that, therefore, the said School Board have no authority in law for applying any money in their hands for the purpose of indemnifying themselves against such law costs.

I surcharged the said Rev. W. R. Cosens, D.D., and the Rev. J. J. Slade, Messrs. Job Garratt, Thomas Reynolds, E. T. Terry, and George Jones, because they were present at the meeting of the said Board held on the 7th day of January 1878, and voted thereat in favour of the said sum of 109*l.* 11*s.* 2*d.* being paid to the said Messrs. Coldicott & Canning.

And, as a further reason for surcharging the said sum of 109*s.* 11*s.* 2*d.* upon the said Rev. W. R. Cosens, D.D., and Mr. Thomas Reynolds, I state that I surcharged them with the said sum,—

Because they signed the cheque or order drawn upon the treasurer of the said Board for payment of the said sum.

Dated 20 May 1879.

The Local Government Board to Dr. *Cosens* and certain other Members of the Dudley School Board.

Local Government Board, Whitehall, S.W.,
31 October 1879.

Gentlemen,

I AM directed by the Local Government Board to inform you that they have considered your appeal against the surcharge of the sum of 37*l.* 11*s.* 6*d.* which was made upon you by Mr. Knott, district auditor, at his audit for the half-year ended at Michaelmas 1877, of the accounts of the School Board of the borough of Dudley, together with his reasons for making such disallowance and surcharge, and the correspondence which has taken place in reference to the appeal.

The Board find that the auditor has stated in the following terms his reasons for disallowing the sum which is in question: "I disallowed and surcharged the before-mentioned sum of 37*l.* 11*s.* 6*d.*, being a payment made to Mr. Joseph Stokes as the amount of his taxed bill of costs as solicitor for Mr. D. Tanfield, a member of the said School Board, in taking proceedings in the Court of Queen's Bench to obtain a mandamus to compel the said School Board to receive his, Mr. D. Tanfield's, vote, the same having been previously refused at a meeting held by them. Against which item or charge of 37*l.* 11*s.* 6*d.* Messrs. Thomas Billing, Doylah Tanfield, Samuel Sheward, Charles Partridge, and William Millington, ratepayers, attended the audit and objected.

"Because the said School Board acted illegally and beyond the scope of their powers when they sat in judgment upon the right of any member of the Board to sit and vote on any question before the Board.

"Because the said payment was made for law costs incurred in consequence of the said School Board having acted illegally and beyond the scope of their power as aforesaid.

"Because the said payment was not made for law costs incurred by the said School Board in or in consequence of the execution of the powers granted to them by the Education Acts, or any of them, and that therefore the said School Board have no authority in law for applying any money in their hands for the purpose of indemnifying themselves against such law costs."

The Board also find that the auditor surcharged you with the disallowed sum on the ground that you authorised its payment.

It appears that, as stated by the auditor, the legal proceedings in respect of which these costs were incurred, were occasioned by the action of a majority of the members of the School Board in determining that the vote tendered at one of their meetings by Mr. D. Tanfield, who had been declared by the returning officer to be duly elected a member of such School Board, should not be recorded or received.

Upon the facts of the case as presented in your appeal, the Board concur in the opinion of the auditor that the School Board acted illegally in the matter, and that they had no lawful authority for defraying out of the funds under their control the costs incurred in consequence of such illegal action. The Board must, therefore, confirm the auditor's decision with respect to the disallowance and surcharge of the payment. They are prepared, however, under all the circumstances, and in the present instance, to remit the disallowance and surcharge in the exercise of the equitable jurisdiction conferred upon them by the 11 & 12 Vict. c. 91, s. 4, and the 33 & 34 Vict. c. 75, s. 60, and they enclose a certificate giving effect to their decision as above expressed.

Gentlemen,

I AM directed by the Local Government Board to inform you that they have considered your appeal against the surcharge of the sum of 109 *l.* 11 *s.* 2 *d.*, which was made upon you by Mr. W. Knott, district auditor, at his audit for the half-year ended at Lady-day, 1878, of the accounts of the School Board of the borough of Dudley, together with his reasons for making such disallowance and surcharge, and the correspondence which has taken place in reference to the appeal.

The Board find that the auditor has stated, in the following terms, his reasons for disallowing the sum which is in question :

“ I disallowed and surcharged the before-mentioned sum of 109 *l.* 11 *s.* 2 *d.*, being a payment made to Messrs. Coldicott & Canning as the amount of their taxed bill of costs as solicitors of the said School Board in the case of a rule nisi, dated the 5th of February, 1877, having been served upon them to show cause why a mandamus should not issue thereon at the instance of Mr. D. Tanfield, a member of the said Board, to compel the latter to receive his vote, which, at a meeting previously held by them, they refused to accept; against which item or charge of 109 *l.* 11 *s.* 2 *d.* Messrs. Thomas Billing, Doylah Tanfield, Samuel Sheward, Charles Partridge, and William Millington, ratepayers, attended the audit and objected.

“ Because the said School Board acted illegally and beyond the scope of their powers when they sat in judgment upon the right of any member of the Board to sit and vote on any question before the Board.

“ Because the said payment was made for law costs incurred in consequence of the said School Board having acted illegally and beyond the scope of their powers as aforesaid.

It appears that, as stated by the auditor, the legal proceedings in respect of which these costs were incurred were occasioned by the action of a majority of the members of the School Board in determining that the vote tendered at one of their meetings by Mr. Doylah Tanfield, who had been declared by the returning officer to be duly elected a member of such School Board, should not be recorded or received.

Upon the facts of the case as presented in your appeal, the Board concur in the opinion of the auditor, that the School Board acted illegally in the matter, and that they had no lawful authority for defraying out of the funds under their control the costs incurred in consequence of such illegal action. The Board must therefore confirm the auditor's decision with respect to the disallowance and surcharge of the payment. They are prepared, however, under all the circumstances, and in the present instance, to remit the disallowance and surcharge in the exercise of the equitable jurisdiction conferred upon them by the 11 & 12 Vict. c. 91, s. 4, and the 33 & 34 Vict. c. 75, s. 60; and they enclose a certificate giving effect to their decision as above expressed.

My Lords and Gentlemen,

between the Local Government Board and the Rev. Dr. Cosens, Rev. J. J. Slade, Edward T. Terry, Job Garratt, George Jones, and Thomas Reynolds, then members of the said Board, having reference to the sums of 37 *l.* 11 *s.* 6 *d.*, and 109 *l.* 11 *s.* 2 *d.*, with which they were surcharged by Mr. Knott, the district auditor, in the accounts of the said Board, for the half years which ended at 29th day of September 1877, and at 25th day of March 1878, which sums were remitted by the Local Government Board in the month of November last.

Sir,

I AM directed by the Local Government Board to acknowledge the receipt of your letter of the 1st ultimo, in which you apply for a copy of the correspondence which took place upon the subject of two surcharges made upon certain members of the School Board of the borough of Dudley by the district auditor, at his audits of the accounts of the School Board for the half years ended at Michaelmas 1877, and Lady-day 1878, respectively.

The Board request to be informed upon what grounds the application is made.

I am, &c.

Thomas Allen, Esq.,
Clerk to the School Board of the
Borough of Dudley, Dudley.

— No. 14. —

The Chairmain of the Dudley School Board to the Local Government Board.

My Lords and Gentlemen,

Dudley, 22 March 1880.

ON the 9th ultimo, the School Board for the borough of Dudley directed their clerk to write to the Local Government Board, asking them to be good enough to forward, for the information of the School Board, a copy of all the correspondence that had taken place in reference to the remission by the Local Government Board of the sums of 37 *l.* 11 *s.* 6 *d.* and 109 *l.* 11 *s.* 2 *d.*, with which Mr. Knott, the district auditor, had surcharged the Rev. W. R. Cosens, D.D., Rev. J. J. Slade, Messrs. Job Garratt, Thomas Reynolds, E. T. Terry, and George Jones, and in reply to this application the Local Government Board requests to be informed upon what grounds the application is made.

It has been moved and carried at a meeting of the School Board this day, that I, the chairman of the Board, should lay before the Local Government Board the following short statement of facts, which the Board thinks will show grounds sufficient to justify the application that the clerk was directed to make on the 9th ultimo.

In January 1877, the election of a School Board took place in Dudley, and when the new Board met, six out of the eleven members arrogated to themselves a power which the Education Acts did not give, viz., in refusing to allow Mr. Tanfield, a member of the Board, to sit and vote upon any question before the Board. Mr. Tanfield then applied to the Court of Queen's Bench to obtain a mandamus

a mandamus to compel the School Board to receive his vote, which application was at once granted, and the judges before whom the case was heard, intimated that the defendants were entitled to pay Mr. Tanfield's costs. Such a course, however, was not adopted by the defendants, viz., the gentlemen before mentioned; but being a majority of the Board, they paid the law costs herein incurred out of the funds of the Board, which had been received from the ratepayers for educational purposes.

Here the matter rested until May, 1879, when Mr. Knott, the district auditor, after giving an opportunity for all parties to be heard on the matter, surcharged the aforesaid six members with all the law costs incurred in consequence of their action, and the following is a copy of said surcharges as taken from the cash-book of the Board, and entered by Mr. Knott, in reference to the item of 37 *l.* 11 *s.* 6 *d.*; the other item of 109 *l.* 11 *s.* 2 *d.* being surcharged in similar terms.

"I disallowed the before-mentioned sum of 37 *l.* 11 *s.* 6 *d.*, being a payment made to Mr. Joseph Stokes as the amount of his taxed costs as solicitor for Mr. Tanfield, a member of the said School Board, in taking proceedings in the Court of Queen's Bench to obtain a mandamus to compel the said School Board to receive his, Mr. Tanfield's, vote, the same having been previously refused at a meeting held by them, against which item or charge, Messrs. Thomas Billing, Doylah Tanfield, Samuel Sheward, Charles Partridge, and William Millington, ratepayers, attended the audit and objected.

"Because the School Board acted illegally and beyond the scope of their powers, when they sat in judgment upon the right of any member of the Board to sit and vote on any question before the Board.

"Because the said payment was made for law costs incurred in consequence of the School Board having acted illegally and beyond the scope of their powers as aforesaid.

"Because the said payment was not made for law costs incurred by the said School Board in or in consequence of the execution of the powers granted to them by the Education Acts, or any of them, and that therefore the said School Board have no authority in law for applying any money in their hands for the purpose of indemnifying themselves against such law costs.

"I surcharge the said Rev. W. R. Cosens, D.D., Rev. J. J. Slade, Messrs. Job Garratt, Thomas Reynolds, E. T. Terry, and George Jones :

"Because they were present at the meeting of the said Board held on the 11th day of June, 1877, and voted thereat in favour of the said sum of 37 *l.* 11 *s.* 6 *d.* being paid to the said Joseph Stokes.

"And, as a further reason for surcharging the said 37 *l.* 11 *s.* 6 *d.* upon the said Rev. W. R. Cosens, D.D. and E. T. Terry, I state that I surcharge them with the said sum because they signed the cheque or order drawn upon the Treasurer of the said Board for payment of the said sum.

(signed) "William Knott, Auditor."

"Dated 20 May, 1879."

The fact of a surcharge having been made was reported to the Board and entered upon the minutes on the 26th day of May, 1879, and no more was heard of the matter by the Board until its meeting on the 10th day of November, 1879, when the Chairman reported that he had received from the Local Government Board certificates for the remission of the sum of 147 *l.* 2 *s.* 8 *d.*, as surcharged by the Auditor, when at the next meeting of the Board, held on the 24th day of November, 1879, the following resolution was moved and seconded, viz :

"That the whole of the correspondence which has taken place between certain members of the Dudley School Board and the Local Government Board relative to the surcharge of the Auditor be submitted to the whole of the members of this Board for perusal."

But, as the said six gentlemen constituted a majority on the Board, the motion was lost by five votes (for) and six votes (against), the majority refusing to produce any papers on the grounds that it was a private correspondence between themselves as private individuals and the Local Government Board and therefore the present Board find themselves in this anomalous position

that a surcharge has been made, and a note on the minute-book intimating that a remission of the same had been granted by the Local Government Board, and yet at the same time the Board is informed by their Clerk that he has not, nor ever had, in his possession any official document or certificate to prove that such a remission had taken place, save and except the note in the minute-book above referred to.

In the face of these facts, and believing that the Local Government Board could not have understood that they were holding a private correspondence (to the entire exclusion of the five members composing the minority on the Board) relative to such a very important public matter, the present Board resolved, on the 9th day of February, 1880, that the Clerk be instructed to ask the Local Government Board to kindly put the School Board in possession of a copy of all the correspondence that has taken place in the matter, and that application I now respectfully repeat on behalf of the School Board, and would also ask the Local Government Board to kindly forward copies of certificates granting the remission, in order that the Board may as clearly understand the grounds upon which such remission was made as clearly as they do the grounds of the surcharge, believing that, as the Board are the representatives of the ratepayers, they are justly entitled to the fullest information upon such an important matter.

Sir,

I AM directed by the Local Government Board to acknowledge the receipt of your letter of the 22nd ultimo, as to the appeal against the surcharges of the sums of 109*l.* 11*s.* 2*d.* and 37*l.* 11*s.* 6*d.*, which were made upon certain members of the School Board of the Borough of Dudley by Mr. Knott, District Auditor, at his audits for the half years ended at Michaelmas, 1877, and Lady-day, 1878.

The Board direct me to forward, for the information of the School Board, the enclosed copies of the Board's decisions upon the appeal against the surcharges in question, and to state that the Board could not undertake to supply a copy of the correspondence which took place while the appeal was under consideration.

Enclosure in No. 15.

IN THE HIGH COURT OF JUSTICE—QUEEN'S BENCH DIVISION.

Westminster Hall ; Monday, 23rd April 1877.

Before the Lord Chief Justice and Mr. Justice Mellor.

Regina v. Dudley School Board.

[Transcript of the Shorthand Notes of Messrs. Walsh & Sons, 17, Parliament-street, S.W.]

Mr. Bosanquet.—I appear, my Lords, in this case, in answer to a rule *nisi*, obtained by my friend Mr. Jelf, on the 5th February, calling upon the School Board for Dudley and

the School Board, and I shall just shortly lay before your Lordships the circumstances of the case on behalf of the School Board; and take your Lordships' judgment on the matter.

The affidavit, on which my friend Mr. Jelf moved, showed that Mr. Tanfield was elected a member of the Dudley School Board at the last election. I am not going to trouble your Lordships with any observations, or suggestions, as to the sufficiency of that affidavit.

Mr. Justice Mellor.—What is the man's name?

Mr. Bosanquet.—Tanfield, my Lord. I am merely going to submit to your Lordships, on behalf of the Board, the circumstances under which they have acted as they have. There is very little legal question in the matter. By the affidavit of the present Clerk of the Board the following facts are disclosed:—Mr. Tanfield was a member of the first School Board, elected in January 1871, and was a candidate at the second election in January 1874. He and his partners, who are printers, were engaged in a contract on behalf of the Board relating to the election of 1874, Mr. Tanfield being a member of the School Board then going out, and also the School Board that was then elected.

The Lord Chief Justice.—What do you say was the business?

Mr. Justice Mellor.—Was it printing?

Mr. Bosanquet.—The business of printers, my Lords.

The Lord Chief Justice.—His partners were printers.

Mr. Bosanquet.—And they were concerned in a contract.

The Lord Chief Justice.—I want to know what the contract was?

Mr. Bosanquet.—I am coming to that, my Lord. It was followed by a conviction, my Lord. It was a contract made with the officer at the election to do some printing. I do not think I need trouble your Lordships with that.

The Lord Chief Justice.—Printing that had reference to the election?

Mr. Bosanquet.—That had reference to the School Board; but all that has been determined, my Lord. Mr. Tanfield was committed under section 34 of the Act, for being a party unlawfully concerned in a contract under the authority of the School Board, and on appeal to this Court the conviction was affirmed.

The Lord Chief Justice.—What is the Act? I forget.

Mr. Bosanquet.—The Act, my Lord, is the 33 & 34 Vict. c. 75, and the section under which Mr. Tanfield was convicted is the 34th section. The section is this:—"No member of a School Board, and no manager appointed by them, shall hold or accept any place of profit, the appointment to which is vested in the School Board or in any managers appointed by them; nor shall in any way share, or be concerned, in the profits of any bargain or contract with, or any work done, under the authority of any such School Board, or managers appointed by them. Any person which acts in contravention of this section shall be liable, on summary conviction, to a penalty not exceeding 50*l.*, and the said place of profit, and his office as member or manager shall be vacant;" therefore Mr. Tanfield's office in the former School Board probably became vacant. He was re-elected at the last election in January 1877, which is the election on which he relies.

Mr. Justice Mellor.—Did the contract, continue or had it ceased?

Mr. Bosanquet.—No, my Lord, the contract had ceased, and the section under which the question was raised before the School Board (who I may say are not lawyers), was the 91st section of the same Act, which says, that "Any person, who at the election of any member of the School Board, or any officer appointed for the purpose of such election, is guilty of corrupt practices, shall, on conviction, be liable to a penalty not exceeding 2*l.*, and be disqualified, for the term of six years after such election, from exercising any franchise at any election under this Act."

Then "corrupt practices" include all bribery, treating, and undue influence, under any Act relating to a Parliamentary Election.

Well, my Lords, the question which was brought before the Board by some of their members was, whether Mr. D'Oyley Tanfield, having in the matter of a former election been guilty of an offence under the 34th section, was for six years disqualified under the 91st section.

The Lord Chief Justice.—What is there to make this a corrupt practice?

The *Lord Chief Justice*.—"Corrupt practice" must mean with reference to the election?

Mr. *Bosanquet*.—I think it must be so, my Lord, therefore I do not propose to argue that point. I merely wish to explain what it was that certain members brought before the Board; thereupon, at an early meeting after the election some member moved that in consequence of that conviction Mr. D'Oyley Tanfield's vote should not be received. The Board voted upon it, and a majority decided that he was disqualified. Well, I am not going to argue before your Lordships that the majority there were right. I say they were not lawyers. Thereupon the Board probably took the right course, and proceeded under the 33rd section of the same Act, to lay the matter before the Education Department; and the 33rd section says:—"In case any question arises as to the right of any person to act as a member of the School Board, under this Act the Education Department may, if they think fit, inquire into the circumstances of the case, and make such order as they deem just for determining the question, and such order shall be final unless removed by *certiorari* in a certain time."

Well, my Lord, the Board proceeded to lay the facts before the Education Department for their consideration and confirmation, or otherwise, but the Education Department did not think fit to act, and I do not know, my Lord, whether there is any doubt that under those circumstances a mandamus will lie. Those are the facts under which the School Board have acted. The Chairman, of course, has merely acted upon the opinion of the majority; they voting upon those sections of the Act of Parliament; and they have laid the matter before the Education Department, who have said that they won't determine it; therefore it is for your Lordships to deal with.

The *Lord Chief Justice*.—Is it not a case in which zeal has outrun discretion?

Mr. *Bosanquet*.—I do not know about zeal.

The *Lord Chief Justice*.—Zeal for the purity of the School Board?

Mr. *Bosanquet*.—Perhaps it was so. I cannot maintain that the action of the School Board was strictly right in law, my Lord.

Mr. *Justice Mellor*.—What prevents the mandamus going?

Mr. *Bosanquet*.—There is nothing to prevent the mandamus going, if your Lordships issue it.

Mr. *Jelf*.—My Lord, I respectfully ask for the costs of this rule. I believe there are some cases in which your Lordships deal with the costs at this stage of the matter. Usually speaking, of course the writ of mandamus has to go, and the costs are disposed of by your Lordships at a later period.

Mr. *Justice Mellor*.—Suppose they dispute the mandamus; it is usual to make a return?

Mr. *Jelf*.—Of course, if my clients will act upon it, and the clients my friend represents will allow this gentleman to exercise the right of his office, the matter is at an end.

The *Lord Chief Justice*.—It is very much the better way, because a clearer case cannot be conceived.

Mr. *Jelf*.—Perhaps they will do so. They may be inclined to do so. I do not know whether at this stage, my Lord, as it is a peculiar case, your Lordships will deal with the costs.

Mr. *Justice Mellor*.—It would be a convenient course, no doubt, to dispose of the costs at once.

Mr. *Jelf*.—They have kept my client out of office now, without the slightest reason, for some months.

Mr. *Justice Mellor*.—If they have given notice to you that they are willing to pay your costs up to this time, and abandon their claim, then, no doubt, you need not apply again.

Mr. *Jelf*.—Quite so; and if not——

Mr. *Bosanquet*.—Of course, my Lord, I am not authorised to say anything about it. This is moved against the Chairman as well as the Board. The Chairman merely exercised his authority as Chairman in taking the votes of the majority. I hope your Lordships do not express any opinion that the Chairman was wrong in acting on the opinion of the majority.

The *Lord Chief Justice*.—All we can do is to make the rule absolute for a mandamus, and let the mandamus go.

Mr. *Bosanquet*.—I do not suppose my clients will resist it.

The *Lord Chief Justice*.—The sooner they desist from any further litigation in the matter the wiser they will be.
